Subject: Title change for MGMT 235 and BUS 103

Hi Teresa:

As requested, I am sending you a formal title change request for two approved courses.

1. I am requesting a title change for MGMT235 that was approved on 10/25/2018.
   NEW Title: Leadership and Supervision
   Old title: Supervisory Management
   The title "Supervisory Management" is outdated and the course focusses on overall leadership skills.

2. I am requesting a title change for BUS103 that was approved on 09/27/2018.
   NEW title: Business Information Systems
   Approved title: Introduction to Business Information Systems
   We ran into problems with the schedule with course titles that begin with "Introduction to Business..." as we already have a course called Introduction to Business and when the entire title of such a course is not displayed, such as on transcripts, those courses show as just Introduction to Business.

Please let me know if you have any questions.
Lale
