

CSM Human Anatomy Respiratory System Lab Guide

HISTOLOGY

alveolar sacs
bronchioles
alveolar ducts
alveoli

base
mediastinum
cardiac notch
costal surface
lobes (superior etc.)

GROSS STRUCTURES

external nares
nasal vestibule
 vibrissae
nasal cavity
 conchae
 meatuses
 nasal septum
paranasal sinuses (5)
internal nares
pharynx
 nasopharynx
 oropharynx
 laryngopharynx
 palatine tonsils
 pharyngeal tonsils
 lingual tonsils
 uvula
 opening to eustachian tube
hyoid bone
larynx
 thyroid cartilage
 epiglottis
 cricoid cartilage
 arytenoid cartilages
 true vocal cord
 false vocal cords
 glottis
trachea
carina
bronchial tree (bronchi)
lungs
 apex

visceral pleura
parietal pleura
pleural cavity
diaphragm
