AFRO-LATIN PERCUSSION ENSEMBLE 3  
(2) (Pass/No Pass or letter grade option) Minimum of 32 lecture and 16 lab hours plus 48 individual practice hours per term. Prerequisite: MUS 232 or equivalent. Course focuses on the basic percussive techniques and rhythms associated with the genre of Afro-Latin music, as it applies to traditional and contemporary expression. It is intended to address how percussion and percussive instruments, much like their African prototypes, have been utilized as indispensable tools of artistic and social expression. Focus will be centered on but not limited to Afro-Caribbean instruments and forms, their parallel relationships, and the telling socio-political circumstances in which they developed. Students will build on the skills developed in Music 232: Afro-Latin Percussion Ensemble 2, by singing and playing more intricate rhythms simultaneously, playing additional instruments including the timbales, as well as by incorporating a wide variety of listening exercises, and incorporating more complex rhythms, rhythmic exercises, and variations of fundamental rhythms.
