

Basic Skills Initiative Committee
REQUEST FOR PROPOSALS

The Basic Skills Initiative Committee (BSI) provides CSM counseling and instructional faculty, administrators, and staff a unique opportunity to galvanize our talents in the service of a common purpose—to enhance the retention and success rates of underprepared students, especially those at the basic skills levels. To this end, the BSI Committee is seeking to fund innovative, collaborative projects that strengthen our instructional and student support services. Proposals should address the needs of underprepared students.

Please review the [2013-2014 BSI Goals and Action Plan](#), [Educational Master Plan: Informational Update, 2012](#), [Institutional Priorities](#), and [5 in 5 College Strategies](#), student outcomes data prior to drafting a proposal. Proposals will be reviewed and funded according to CSM's planned objectives and student need. Visit the BSI or PRIE websites to review reference documents:
