This will take you to the **self-assessments**. These are questions to help determine what educational and career pathways might match your personality, academic strengths, goals, and so forth. When you are finished with the assessments, Focus2Career will create a profile for you and present a list of suggested CSM majors and related occupations.

Complete the Focus2Career modules on your phone, tablet, or laptop.

You will find these interesting and fun!

Working through the assessments does not have to be done in one sitting. You can exit and log back in at any time.

To discuss your results in more detail, call us at (650) 574-6400 to set up an appointment with a career counselor.

We look forward to helping you outline your goals and explore your possibilities!
