

WELCOME TO THE CIS COMPUTER LAB

Building 19 Room 124

1. **ALL Registered Students at CSM may use the facility to complete class related assignments and research.**
2. **GOT Wireless? We have 802.11b/g access to the Internet for those of you with laptops.**
3. **Technical support (within reason) will be available to all students. If we can't help you fix your problem you get a free CDRW.**
4. **Any student may print up to 3 pages for FREE. CIS students that have paid their materials fee can print freely.**
5. **A quiet place to get your work done. Both individual and group workspace is available.**
6. **Computer Lab offers both Windows and Linux based systems.**
7. **Students who need software exclusively available in this Lab will be given preference if space becomes limited.**
8. **Students who refuse to be courteous to the needs of others will be asked to leave the Lab.**

PLEASE:

- **No Food or Drinks in the Lab...not even water.**
- **No installation of additional software or files to the computer.**
- **No software may be copied from the machines unless directed by an instructor.**
- **Streaming audio and video are only allowed on a very limited basis for specified class projects.**
- **Chat and Instant Message programs are not permitted.**
- **LCD monitors are fragile please DO NOT touch, poke, or scratch.**

*****Use of the Computer Labs denotes acceptance of the above rules.
Students disobeying any of the above rules
may be barred from using the labs.**
