COMMUNICATION LAB ASSIGNMENTS*

The following **mandatory** assignments must be completed at the **Communication Studies Center no later than** _____.

1. View the video entitled “Public Speaking in Action” by going to one of the Mac computers at the Lab, opening the CSMSPEECH icon on the desktop, and locating the video under “Video Library.” If you don’t have your own headphones to listen to the video, with proper I.D. you can borrow one at the front desk. The video, though a little outdated, provides a good overview of what your public speaking class will cover during the semester.

After viewing the video, which is approximately 30 minutes, **list 10(ten)** things you learned about public speaking. Your paper should be typed, as for most assignments, and not exceed two (2) pages. The **paper** is due _____. (Do not write an “essay” just number and list 10 things—10 complete sentences.)

2. The next assignment requires that you **complete a “Personal Report of Communication Apprehension”** survey (2 pages) located in the black filing cabinet in the Communication Studies Center. It must also be submitted on **Tuesday, September 8, 2015.**

*All lab assignment papers submitted must include the following information:

Date: you visited The Center:
