

State of California Electrician Trainee Certification Program

Any person working under a C-10 contractor in the performance of electrical installation is required under AB1087 to hold a State of California Electrical Certification Card effective January 1, 2006.

Electricians, union or non-union, applying for the State Certification after 1/1/2006, with or without 8,000 hours of on-the-job-training, **must enroll in a designated community college** as an Electrician Trainee and submit an application for Electrician Trainee to the State of California along with the required fee.

College of San Mateo is an official Educational Provider for this program (DAS #121).

The following courses are approved:

ELEC 201 D.C. Electronics

ELEC 202 A.C. Electronics

ELEC 231 Basic Applied Electronic Mathematics

ELEC 232 Advanced Electronics Mathematics

ELEC 262 Digital Devices

ELEC 275 Active Devices

BLDG 720 Electrical Inspection I (best class for test preparation)

BLDG 725 Electrical Inspection II

Visit the Division of Apprenticeship Standards (DAS), for more information on the State Certification process: <http://www.dir.ca.gov/DAS/ElectricalTrade.htm>

To enroll at College of San Mateo, visit <http://collegeofsanmateo.edu/apply>

Fill out an Application of Admission, with an Educational Goal of "Update Job Skills".

On your assigned registration date, register for your desired course.

You do not need to take all of the courses; you just need to be registered in one course each semester until you successfully pass the State Certification test.

The Spring Semester begins in January; registration begins around October/November.

The Fall Semester begins in August; registration begins around April/May.
