## ACADEMIC RENEWAL POLICY

Up to 36 semester units of substandard course work (i.e., D+, D, D- & F) which are not reflective of the student's current demonstrated scholastic ability may be alleviated and disregarded in the computation of the grade point average under the following conditions.

- 1. A period of at least one year must have elapsed since the work to be alleviated was completed; and
- 2. The student seeking alleviation must have completed either
  - 9 units of work with a 3.5 cumulative grade point average, or
  - 15 units with a 3.0 cumulative grade point average, or
  - 21 units with a 2.5 cumulative grade point average, or
  - 24 units with a 2.0 cumulative grade point average since the work to be alleviated was completed; and
- 3. The substandard course work to be alleviated must have been taken at Cañada College, College of San Mateo, or Skyline College; however, the course work upon which the application for alleviation is based may be completed at any college or university accredited by the Western Association of Schools and Colleges or equivalent accrediting agency. If the course work used as the basis for the Academic Renewal Petition is from an external college, an official transcript is required.

The academic renewal policy may be applied when alleviation of prior course work is necessary to qualify a student for financial aid or admission to a program or transfer to another institution or for completion of a certificate or degree program.

When academic work is alleviated from the computation of the grade point average, the student's permanent academic record shall be properly annotated in a manner to ensure that all entries are legible providing a true and complete record of academic history.

This completed petition must be submitted to the Admissions and Records Office for review and evaluation. The petitioner receives a response to the request for Academic Renewal within ten (10) business days.

Submit COMPLETED FORM to the Admissions and Records Office of the college for which you are requesting Academic Renewal
