

COLLEGE OF SAN MATEO NURSING PROGRAM ARTICULATION GRID

The following is a list OF APPROVED NURSING PREREQUISITE COURSE SUBSTITUTIONS - Updated JAN 2013

Courses on this grid are approved as equivalents to the prerequisite courses required for the College of San Mateo Nursing Program. Courses that appear on this grid DO NOT require course substitution forms or further approval. Any upper division courses listed receive subject credit only. If you have taken coursework elsewhere and it does not appear on this grid, follow the information provided on the Nursing Program Information Sheet located on the website www.collegeofsanmateo.edu/nursing . Because nursing programs are impacted it is important to carefully review the website for program requirements, prerequisites, and application deadlines.

RE: CHEMISTRY PREREQUISITE - Beginning with the admissions process for the Fall 2013 class, the Nursing Program requires Chemistry 410, Health Science Chemistry, or equivalent. Other chemistry courses will not be accepted as meeting this requirement. The exception is SMCCCD students with catalog rights prior to fall 2012 as they may still use CHEM 192 or 210 or 410 for admission to the Fall 2014 nursing class.. Beginning with the admissions process for the class of fall 2015 ALL students must complete CHEM 410 or the equivalent.
