COLLEGE OF SAN MATEO
Information and Procedures for
SHORT-TERM PROJECTS, now with Travel Requests

Purpose of the AFT Faculty Professional Development Program

The AFT Faculty Professional Development program maintains and enhances programmatic excellence across the district by providing faculty opportunities to update, retrain, and extend expertise to meet current and future student needs in accordance with college priorities.

Eligibility

All full- and part-time academic employees are eligible. Travel reimbursements cover transportation, lodging and meals. An overnight stay is not allowed if the destination is within a 100 mile radius from the traveler's work address. Domestic travel is capped at \$2,000 and international travel is capped at \$2,000. The program is first- come, first-served, so early applications are recommended. As our funds are limited, please explore additional funding sources for travel expenses. The [Domestic Conference and Travel Expenses Policy](#) describes procedures in more detail.

Application Procedure

To avoid delays in the approval process, please complete the first page of the application form and include the requested documents as instructed.

For all short-term project requests, submit your application 30 days in advance of the event. Be sure to include the following:

- Completed application form (first page)
- Statement of purpose and dissemination plan
- Copy of the announcement and fee schedule (including conference meals provided, if applicable)
- Completed Conference Advance form

Statement of Purpose and Dissemination Plan

The statement of purpose and dissemination plan should describe the expected outcomes of the project and how these outcomes meet the needs of our students. If the project serves basic skills students, this should be noted. Explain how the results of the project will be shared with departments, divisions, and/or the campus community. This may include a variety of methods- department or division meetings, department or college websites, flex day activities. Applicants may be invited to share their report with colleagues or the campus community at campus events.

Timelines

Applications are accepted on a continuing basis except during winter and summer breaks (no submissions May 15- Aug. 15) . Registration and/or Substitute Only requests should be submitted for approval at least 30 days in advance of the event. Registration AND Travel requests *must* be submitted at least 30 days prior to the event. **Note that the dean's signature MUST pre-date the event.** If you would like to have registration fees paid by the college in advance you must submit the application paperwork 30 days in advance. The Conference Advance Form has a box to check to indicate this preference. Contact Dianne Fernandez (fernandezd@smccd.edu) for more information.

Allowable Expenditures

The AFT Faculty Professional Development Program covers the cost of faculty replacement (substitutes) and registration fees for workshops/seminars and travel expenses.

Please Note

There is no stated limit that an individual can use from the Short Term Project fund for registration fees and substitutes. However, the committee has the responsibility to monitor appropriate use and overuse of these monies. In order to allow funding support for a variety of projects, or if funds are depleted, applications may be denied.

Processing of Applications

The complete application and requested documents are submitted to the applicant's immediate supervisor to indicate his/her awareness of the proposed project, calculate substitute costs, and to approve the travel component of the request. The application is forwarded to Professional Development Committee Chair, Teeka James (james@smccd.edu), for recommendation to the college president, who approves or denies all Short-Term Professional Development Applications. You will receive an approval letter from the VP office, stating the follow-up requirements and the funding source. If the application is denied, you will be contacted by email.

Follow-up and Reimbursement

For all short-term projects, applicant must complete a "SMCCCD Statement of Conference Expense" form with original receipts, and a follow-up report detailing the outcomes of the project. These should be submitted **in a timely manner (within one month)** to Dianne Fernandez (fernandezd@smccd.edu).

Please note: Reimbursement is processed by Dianne Fernandez, not by the Professional Development Committee or its chair. Please submit your expense report and follow-up report to Dianne Fernandez (fernandezd@smccd.edu) .
