

Guided Pathways at CSM: At a Glance

Guided Pathways Vision Statement for College of San Mateo

College of San Mateo will create an equity-minded, student-centered experience that empowers students to reach their educational goals.

INQUIRY AS OF OCTOBER 2018

Inquiry

Who are our students?

What are their goals?

To what extent are they achieving them?

CSM Guided Pathways draft goals – Help students:

Know their goals

Achieve their goals

Achieve equitable outcomes

We need your voice!

Flex Day Wednesday, October 10th, 2018

Where Are Our Students Coming From and Why is That Important? 10:15-11:15 am

Guided Pathways Steering Committee and CSM students (10-468, College Heights) To continue to learn from student experiences in the inquiry phase of Guided Pathways, at this session, we will hear from a varied group of students about their pathway to College of San Mateo. Students will share their experiences and the experiences of their peers to help identify how to improve instruction and support services to ensure student success.

Your Voice: Inquiry to Action 11:30 am - 12:30 pm

Guided Pathways Steering Committee (10-468, College Heights). In this interactive session, participants will learn about the progress of Guided Pathways at College of San Mateo. Student and faculty voices from inquiry at CSM will be presented and participants will then work in groups to provide feedback.

Upcoming Meetings

The Guided Steering Committee and Team will meet on alternate Wednesdays from 2-4 pm in 18-206. The Guided Pathways Team will meet from 3-4 pm. Next meeting October 24, 2018.

DRAFT GOALS OF CSM's GUIDED PATHWAYS

CSM will improve the student experience to better help all students ...

Access a High-Quality Education

- Bring services to students instead of waiting for them to access services (EMP)
- Work with feeder schools
- Coordinate with 4-year universities and workforce

Know Their Goals

- Many students don't know what they want to major in or what careers to explore
- Many students are overwhelmed by the options, don't know which courses to take, when
- Many students are unaware of the planning resources available to them (process)
- Not enough counselors or counseling appointments available

Achieve Their Goals

- Many students are overwhelmed by the options, don't know which courses to take, when
- Many students are unaware of the planning resources available to them (process)
- Not enough courses and sections available when needed (structural)
- Not enough counselors or counseling appointments available

Achieve Equitable Outcomes

- Learning communities, though effective, only target a small number of students
- Not all groups of students are achieving their goals at the same rate

Based on student, staff, and faculty voices from CSM Focus Groups, Spring 2017 (Career Ladders Project)

NEXT STEPS: PREPARING FOR REDESIGN for student success

Providing clear information and support to CSM's students in all phases of their educational journey is key. In practice, what does this mean? In the Design phase, we will need to:

- Re-structure: Re-package our courses, programs, and services differently in order to better inform and better deliver instruction and services to all students.
- Expand: Identify and scale current successful practices to help a greater number of students.
- Innovate: Implement best practices in student services and instruction to better address all students' needs, supported by a robust professional development program.

Four Pillars of Guided Pathways

Access

Create clear curricular pathways to employment and further education.

Knowledge

Help students choose and enter their pathway.

Achievement

Help students stay on their path.

Equity

Ensure that learning is happening with intentional outcomes.
