

**Where Are Our Students Coming From  
and Why is That Important?  
Guided Pathways at CSM**

To continue to learn from student experiences in the inquiry phase of Guided Pathways, at this session, we will hear from a varied group of students about their pathway to College of San Mateo. Students will share their experiences and the experiences of their peers to help identify how to improve instruction and support services to ensure student success.

## What is your experience:

- Accessing the college? How did you find out about CSM? Why did you choose CSM?
- Choosing your major, your career goal, and your educational goal?
- Selecting your courses, registering for these courses, and paying your tuition?
- Seeking student support services. If you have used these services, how did you navigate the campus to find them? If you have not used student services, why not?

- What did you hear from our students that surprised you?
- Based on our students' experiences, what are we doing well?
- What, specifically, do we need to do to better support our students?
