- Using the Student Equity Report as a framework to assess annually the academic success rates of students.
- Consulting as needed with the Basic Skills Committee to assess program activities addressing student success.
- Consulting with PRIE to identify and retrieve pertinent data related to student success.
- Coordinating and sponsoring programs that inform and educate the CSM community about diversity and related issues.
- Benchmark and monitor institutional decisions and actions that relate to diversity.
- Assessing the effectiveness of the Diversity In Action Group by producing an annual report of its activities
