Instructions:

Log on to the Program Review website.

Those with “Submitted” are ready for your review. Click on “Submitted” to review the program reviews that are assigned to you. If the program review is noted as “Draft” it is not ready for review. David and I will be encouraging faculty to complete them. You should check the site regularly to determine if a program review has moved from “Draft” to “Submitted”. Proceed with your reviews.

1. You may review the program reviews online or print them out.
2. We have set aside November 4 and November 18 for the exclusive review of the program reviews. You may wish to meet ahead of time to discuss your program reviews.
3. Each group member should complete a program review feedback form for each program review.
4. Discuss your feedback forms for each program review with members of your group. Based on your discussion, a member of your group should take responsibility to complete one feedback form for each program review that summarizes the group’s discussion. These are due at the end of the November 18 meeting.
