Instructions:

Log on to the Program Review website.

<https://www2.collegeofsanmateo.edu/programreviewapp/public/>

Those with “Submitted” are ready for your review. Click on “Submitted” to review the program reviews that are assigned to you. If the program review is noted as “Draft” it is not ready for review. David and I will be encouraging faculty to complete them. You should check the site regularly to determine if a program review has moved from “Draft” to “Submitted”. Proceed with your reviews.

1. You may review the program reviews online or print them out.
2. Determine if the members of your group are going to be in attendance at the extended IPC meeting on **Friday, April 17 (1-4 p.m.)** which will be devoted to the review of the program reviews. If not, please communicate electronically or meet in person prior to April 17 to share your observations with your group members.
3. Each group member should complete a program review feedback form for each program review.
4. Discuss your feedback forms for each program review with members of your group. Based on your discussion, a member of your group should take responsibility to complete one feedback form for each program review that summarizes the group’s discussion.
