Division Program Review

Year: 2013/14

Submitted by: Andreas Wolf

PROGRAM/PROJECT/INITIATIVE	ACCOMPLISHMENTS	GOALS	NOTES/INST PRIORITIES
Title IX Compliance	CCC Apply Survey – Survey implemented last year. The survey is mandated and OCR approved.	Create Women's Volleyball Program	In order to be in compliance with Title IX, we need to seriously consider the development of a Women's Intercollegiate Volleyball program based on the survey results. (Priority 1, 2, 3, 4)
Mandatory Concussion screening	Implemented mandatory concussion screening		Collaboration between the coaching staff, athletic trainer and the computer centers to ensure all student/athletes completed the concussion screening for their safety. (Priority 1, 4, 5)

CSM Institutional Priorities 2008-2013: Priority 1: Student Success; Priority 2: Academic Excellence; Priority 3: Relevant, High-Quality Programs and Services; Priority 4: Integrated Planning, Fiscal Stability, and the Efficient Use of Resources; Priority 5: Institutional Dialog

External resource support for intercollegiate programs	1. Generated over \$25,000 in external resources 2. Entered into a partnership with Adidas to reduce cost of uniforms	Continue with fundraising ventures to support division needs	Priority 1, 2, 3, 4
Completed Certificate of Specialization for Pilates Instructor Certificate Program	Course outlines modified and passed through COI		Priority 1, 2, 3, 5
Finalized SLO assessment for courses within the division	SLO's almost 100% completed and assessed		Priority 1, 2, 4
Completion of Perkins Grant	Submitted Perkins Grant to assist with funding	Support of CTE programs through Perkins	Priority 1, 2, 3, 4, 5

Resources Requested (Non-Duplicates with Individual Program Reviews)

Classified Staff: Increase 48% Athletic Trainer position to 100% for safety of our student athletes as well as ensuring all athletic contests are covered by a trainer, as mandated by the CCCAA Constitution by which we are governed. Currently, 1.5 positions are not sufficient enough to cover all home contests, i.e. we could be hosting a baseball game, softball game, track meet and swim meet all on the same day.

Student Assistants: Recently mandated by the CCCAA is reporting of statistics to a state-wide database. Failure to do so could result in elimination of post-season, or in the very least, suspension of coaches from contests. Each sport requires at least \$2,000 in student-assistant money to provide these services (baseball, softball, basketball, football). All other sports have a system-wide reporting database managed by game-day administration. Total for each season (year) for all sports would be \$8,000.
