## **Narrative Comments**

### **What particular elements of CSM's Real Estate Program helped you the most?**

- "Real Estate Law" was extremely helpful and interesting.
- The first-hand knowledge shared by the professor's was invaluable. They express more information about what to expect and how to respond to the current real estate environment than any text book or online course could.
- The professors were wonderful. I learned a tremendous amount of vital information from each and every professor. They gave hands-on insight, which is so much better than online or book knowledge. I had coworkers, family and friends relaying questions to the professors (in every class). This was the best program.

### **What particular element of CSM's Real Estate could be changed or added to help you?**

- Add more classes each semester.
- I think that the areas of investment and finance could be improved a little.
