Flex Day Sustainability Series

- Flex days, make it feel like a conference, with ongoing threads
- Oct kick off
- What are some sustainability themes you are interested in???
 - Group work, group project, present a poster
 - Students need specific direction, need specific roles
 - Students want social justice in science and math
 - Students want sustainability in history, in lgbtqi studies
 - Environmental history and ethnic studies, accessibility to green spaces
 - Humanities and social sciences should fit in perfectly
 - I will talk about the partnership digital media and biol 110 did
 - What language should we use? It's not just technological solutions! Think about social justice issues as well. Technological focus might push away the social sciences.
 - Fusion foods as a hook...kimchi burrito!!!
 - Unpack the word sustainability in a gallery walk
 - Students don't know about sustainability
 - Global studies, Danni and her lecture series
 - Matt does an info literacy course, bring him into the sustainability cohort
 - Off campus trips

Students at Conferences

- Send students to CHESC in Santa Barbara, AS can potentially pay, July 9-12

Green Office Program

- Talk to Michele about one bin in each office suite, less ants, out of chair to stretch, less bag waste, eventually compost
- Teach the community how to use the bins
