# Transfer Services

The purpose of Transfer Services is to help students realize their educational goals and to provide necessary information ensuring successful transfer from CSM to a four year University of California, California State University or Private/Independent College or University.

CSM Transfer Services provides a full range of information and services to those wishing to transfer into a four-year university. Before beginning your transfer planning, be sure to discuss your plans and goals with a college counselor.

Transfer Services also works closely with four-year college and university counselors as well as admissions staff to help students in planning their college courses so they can achieve their transfer goals. Students can schedule individual appointments with university representatives to review their transcripts, discuss their educational plans and obtain information pertaining to their specific major. UC, CSU and Private Universities also present special workshops on "selection procedures," "writing the application essay" and "completing admissions applications."

Other activities, events and workshops Transfer Services offers throughout the academic year:

- Choosing a University
- Major (Program) Days
- University Campus Tours
- Class Presentations
- Qualifying for Guaranteed Transfer Contracts
- College Fairs
- Instant Admissions
- Scholarship Workshops

Also, be part of a special group of students who have the "inside track" on transferring. Join CSM's dynamic Transfer Club which meets every Wednesday during the academic year. For more information about all of services or to receive our monthly e-mail newsletter please log onto [collegeofsanmateo.edu/transfer](http://collegeofsanmateo.edu/transfer) and register on Transfer eNews.
