The Silicon Valley Institute for Regional Studies is the research arm of Joint Venture Silicon Valley, and is housed within the organization. Research topics focus on economic and community health issues within Silicon Valley and the greater Bay Area, as well as on broader regional issues. [Learn more.](#)

## Want more data?

Did you know you can get comprehensive information and data about the economic and community health of Silicon Valley any time by visiting the online home of the Silicon Valley Index at [www.siliconvalleyindicators.org](http://www.siliconvalleyindicators.org)?

The site is maintained and constantly updated by Joint Venture's Silicon Valley Institute for Regional Studies and is a robust collection of charts and information with links to local, regional and national data sources, and resources for additional information within each of the indicator categories: People, Economy, Society, Place and Governance.

## Joint Venture Publications

Joint Venture produces and provides supporting documents and research for a wide array of Silicon Valley interests. We also help to support our initiatives through the publication of the annual Silicon Valley Index and a variety of other periodic reports and white papers.

## 2018 Silicon Valley Index

**February 2018** - The regional economic study again shows more jobs, income, venture capital and commercial construction pouring into Silicon Valley, yet workers struggle to afford housing, endure longer commutes and face rising costs for such everyday needs as food, clothing and child care.

Learn more about the 2018 Silicon Valley Index, view interactive charts, and download the underlying chart data at [www.siliconvalleyindicators.org](http://www.siliconvalleyindicators.org).
