Purpose: The purpose of Program Review is for faculty to reflect on their teaching and learning and to promote student success and equity through critical analysis and careful planning. Each program should look thoroughly at their student success data, learning outcomes assessment data (at the course and program level), and the relevancy of its curricula. The Academic Senate will provide support during Program Review in the form of workshops, guidance documents, and one-on-one mentoring. Faculty should also consult their dean for assistance on their Program Review and Resource Requests.
