

# Principles of Online Teaching Interest Form

If accepted into Principles of Online Teaching (POT), I understand that to receive the compensation I am expected to participate fully in a five-week online course, in which I will spend at least 4 hours each week completing all activities by their due dates. In order to receive a certificate of completion, I must complete at least 80% of one hybrid or online course. Completion means that I am implementing the OEI Rubric to design and deliver my course in Canvas.
