## Learning Center

### Overview

Welcome to the Learning Center at College of San Mateo! Here at the LC, we believe that all students want to be successful as they pursue their academic and career goals. The Learning Center works in partnership with faculty and staff across the CSM campus to support the academic development of **all** students in our campus community.

In order to support student achievement and development, the Learning Center offers many free programs and services including peer tutoring in a variety of subjects, up-to-date technology, mentoring, workshops, group study rooms, a computer center, and a friendly, comfortable place to study. We strive to provide a space that is academic, professional, inclusive, and safe.

The Learning Center is more than a place where students can work on assignments, it is a hub to connect you to resources on campus so that you can reach your goals.

Please visit the Learning Center for more detailed information about our services.

Your success is our success!
