Sexual Misconduct & Title IX

Math Resource Center

Overview

Welcome to the Math Resource Center! Our mission is to help CSM students excel in their mathematic and statistics classes through individual tutoring, academic resources and compassionate support.

The MRC is staffed with student and professional tutors who can assist students with course work from any mathematic or statistics class at CSM.

In addition, resources such as calculators, computers, and textbooks are available for use.

We are a quiet study space with complementary coffee, tea and snacks. Come by to see us and let us help you!
