Thanks Stephanie!

Thanks very helpful. It's good to see the notes about increased usage on many titles in 2015.

Subject: Re: Annual Renewal feedback requested: Cost per use analysis for databases

And finally...(sorry about the multiple emails)

Here are the numbers for Dance in Video. Remember that this is a new database, so it doesn't have much traction yet. Fall had 0 uses, but Spring 2016 has had 33 so far (we had 19 last Spring during the trial period). I don't know what to make of that. Perhaps wait and see?

| | | | | | | | | |
|-----------------------|------------------------|------|-----|----------|--|-----|--------|---|
| Dance in Video, Vol 1 | Alexander Street Press | CCLC | CSM | 7/1/2016 | | 9.5 | 119.79 | Spring & Fall 2015 only -- so far for Spring 2016 we have 33 views, which is more than last year's total. |

Subject: Re: Annual Renewal feedback requested: Cost per use analysis for databases

Hi all,

For clarification:

Annual Average is for 3 years. Cost per use is also for a three year period based on this average. The usage note shows the cost per use for just 2015 so you can see the direction of the trend based on just last years numbers. Hope that helps!

Best,
Stephanie

Subject: Annu Renewa feedback requested: Cost per use ana ys s for databases

Hi librarians,

I've compiled usage statistics, cost per use, etc. for our annual renewal. Please review the following info, and let me know your thoughts-- particularly to the items that are red or yellow. We need to decide if we aren't going renew any of the resources.

Some information is based on estimates rather than actual costs.

Let me know if you have any questions. The spreadsheet is also attached.

Best,
Stephanie
