Please find your FY2019 OCLC Cataloging and Metadata and WorldShare Interlibrary Loan (ILL) subscriptions renewal notice on the reverse of this letter. By renewing your subscriptions, the world's libraries' collections will be available to your library users and your valuable collection will be shared with your users and those of other libraries worldwide.

OCLC Cataloging and Metadata Subscription

OCLC's full range of cataloging and metadata services gives you the tools you need to streamline your cataloging workflows, to reduce operational costs, and to save your staff time. You have access to WorldCat, which includes more than 415 million high-quality records that have been created, enhanced, and shared by libraries worldwide. This allows you to do more copy cataloging, to improve discovery of your collections, and to register your collection in WorldCat to support services such as interlibrary loan. Plus, to improve your local discovery, your subscription provides the ability to automatically receive enhanced MARC records when improvements are made to WorldCat records for items you hold. During the past year:

- OCLC continued to support library copy cataloging needs by loading titles from 10 new vendors/publishers into WorldCat and loading more than 2,700 new collections from 227 new providers into the WorldCat knowledge base.
- We also continued our work to streamline electronic and print collection workflows in WorldShare Collection Manager with automated holdings feeds from ProQuest Ebook Central and the ability to clone existing collections.
- Our pioneering linked data work continued with the initiation of three new prototype services that build on the size and scale of WorldCat to further develop a global network of relationships and services. Plus, we added the ability to output URI references in WorldShare Record Manager.
