* - DegreeWorks is a tool to help students monitor progress toward degree and certificate completion and CSU GE and IGETC certification. DegreeWorks looks at the program requirements found in College of San Mateo, Cañada, and Skyline catalogs and the coursework completed to produce an easy to read audit. In addition, it includes a "what if" tool that allows students to view their progress toward the full range of our San Mateo County Community College District educational goals. DegreeWorks includes information about progress toward educational goals, academic history, a GPA calculator, and a Ed Plan (Student Educational Plan - SEP). Students can work with a counselor who will complete an SEP that is stored in DegreeWorks for an important academic planning resource for students. Students are encouraged to review DegreeWorks information and work with a counselor to engage in academic and career counseling.
