Student Life

Mission Statement

The Center for Student Life & Leadership Development endeavors to provide students with holistic learning and development. We shall extend to students assistance in their growth and development academically, as leaders, and as individuals by providing innovative educational, recreational, and cross-cultural programming. Office staff will be encouraged and supported in pursuing their own personal and professional development, exploring and developing new directions, and creating unique and resourceful approaches to their work. We shall serve as role models and promote civic engagement to the student leaders and clubs that we advise.

Furthermore, we shall insure that the Center for Student Life is a safe and secure environment for the campus community to share ideas, seek advice, and find support. Finally, we shall work proactively to integrate classroom learning with student activities and programming, and create a vibrant environment at College of San Mateo that attracts and retains students.
