Resource Requests

NOTE: Program Review authors are <u>strongly urged</u> to share a draft of the resource request with their Dean <u>at least two weeks</u> prior to submission. The Dean's perspective and input on the resource request content is vital to it being as strong, accurate and persuasive as possible.

- 1. Describe the position being requested (e.g., biology faculty with expertise in anatomy).
- 2. Describe the rationale and motivation for the request. Include information on program LOAD; ratios of full-time FTEF to hourly FTEF and full-time to part-time faculty; recent faculty retirements; any mandates and regulations affecting the position; and any additional reasons, including impact on the community at large.
- 3. Discuss how the position will help the department and/or division meet goals and support student learning as described in most recent program review.
