### Virus Protection

Written by [Jasmine Robinson](#) on November 3, 2015

ITS is doing a district-wide roll-out of Sophos for your computer and mobile virus protection. Sophos AV is supported on SMCCCD owned devices and supports the following platform: IOS, Windows, Android, OS X.

We ask all end-users place an ITS work request and one of our friendly technicians will conduct the software install. There may be a need to ensure previous anti-virus is uninstalled successfully,

Once installed, definition updates or policy changes can be received as long as the unit is connected to the internet.

### San Mateo County CCD

SMCCCD are a three College District located between San Francisco and the Silicon Valley. Our Colleges serve more than 40,000 students each year and offer the first two years of instruction in a wide variety of transfer programs as well as more than 90 vocational-technical programs.
