When is the deadline?

Effective June 6, 2017, faculty and students will no longer have access to Moodle (WebAccess).

Starting Summer 2017, instructors will deliver or augment their online, hybrid, or face-to-face courses through the [San Mateo County Community College Canvas site](#).

What do I need to do?

- Migrate your content from WebAccess to Canvas using the [Quick-Start Guide: Migrating from Moodle \(WebAccess\) to Canvas](#).
- Participate in a Canvas training.
 - Register for an upcoming workshop. Please visit the events calendar on [College of San Mateo's Canvas page](#).
 - Or enroll in the free, online [Self-Paced Introduction to Canvas Course](#) by @One.

Who can I contact?

If you have questions about the migration to Canvas, CSM Canvas workshop series, or would like to learn more about how to align your course with the [OEI rubric](#), please contact Erica Reynolds at reynoldse@smccd.edu or (650) 574-6271.

Are you ready for Canvas?

Effective **June 6, 2017**, instructors and students will no longer have access to WebAccess. Get prepared by enrolling in a Canvas Workshop Series today!

The **three-day**, workshop series introduces the Online Education Initiative (OEI) Course Design Rubric and Canvas tools in the context of practical strategies for design, development, and management of an online course. You will have an opportunity to review the basics of online course development and practice the use of Canvas tools through hands-on exercises.

Participants are asked to attend all three workshops. Attendees will be compensated for attending the workshops.

Learning Outcomes

- Facilitate contact between students and faculty by creating a bio and setting communication expectations
- Develop reciprocity and cooperation among students by creating a community of discourse on discussions
- Review the components of your course home page that will help students succeed
- Give prompt feedback through the use of immediately scored exams
- Emphasize time on task by adding events to the course calendar
- Communicate high expectations by sharing the syllabus online
- Respect diverse talents and ways of learning by presenting content in a variety of formats

Recommended skills for this workshop include:

- Basic computer skills (word processing, email, file management)
- Basic internet skills (use of browser, searches, uploading/downloading files)
- An open mind and willingness to try new things.
