

Resource Allocation Workbook
2007/08 Adopted Budget

Information about this workbook:

Assumptions: This page lists the assumptions that were used during the budgeting process. Not all of them are used throughout the entire process. For instance, the inflation number was used until we received good budget numbers for certain items. The other pages are linked to the assumptions here and will change if the numbers on this page are changed. The assumptions are for budget year plus 2.

Revenues: This page works through the revenues associated with the FTES, including the FTES numbers as modified by the assumptions. The revenues here are base revenues only and don't include interest and other revenues.

Rev-Exp Plan: This page is a working page used to figure out what the numbers need to be. It is referred to by the other pages and is used in the Resource Allocation pages for expenses. Changes for revenues or expenses (other than on the Assumptions or Revenues pages) should be made on this page.

Rev-Exp Plan (2): This page takes the amounts allocated on the Resource Allocation page and adds them to the site allocations. This is the page that would have been distributed in the past. However, it doesn't include the use of one-time resources.

Rev-Exp Plan (3): This 08/09 page shows the current year budget with any one time allocations.

Resource Alloc YY-YY: This page uses the resource allocation formula with the growth targets and increases in fixed and facilities costs to allocate the resources. This page is frozen at the adopted budget.

Resource Alloc for future years: These pages just carry the formulas on for the next three years and are useful for the colleges and for accreditation.

SB361: This page calculates the base revenue and growth for the district based on the SB361 formulas. This feeds the revenues to the Revenues page. The breakdown of Base Revenue is on this page. This also includes an estimate of the property taxes.

Foundation: This page figures the amounts we are budgeting for the new foundation positions and is a line item on the Resource Allocation page.

COLA: This page has the COLA info, tracks other compensation items and is recorded on the Resource Allocation page in Step 6.

Sq Ft: This page tracks the square footage and maintenance costs for Facilities and is used on the Resource Allocation page in Step 3.

Insurance: This page tracks insurance, legal and consulting and other fixed costs.

Utilities: This page tracks utility projections provided by the Facilities Dept.

Misc: This page tracks the expenses that go into the Misc. Line Item

CPI: This page tracks the allocation for the expense budget CPI that started in 13/14

Resource Allocation: 20/21 Budget Scenario

Worksheet A

1. Review Base Allocation and FTES Allocation (should be 80%/20% of funding). If a college should receive additional funding based on the review, allocate that.

Current Allocations are:

Promise Program

Dear CBOs

A while back we had a discussion and a request that the District fund COLA for those positions that were moved from Fund 1 to Fund 3. We did agree to this and here is proposed process:

- 1) Identify and move Promise Program salaries and benefits from Fund 1 to Fund 3---I assume this was done as requested a while back
- 2) Please budget Interfund transfer from your college Fund 1 to Promise Program Fund 3 to fund these positions, including COLA transfer out from Fund 1 to Fund 3
- 3) We will backfill COLA by transferring by processing/reimbursing you with budget transfer from CS Fund 1 to college Fund 1.

Hope this makes sense. Please let me know if you have any questions.
