

List of Leading from the Middle participants with relevant projects

Year 1: 2017-18

me

Allie Fasth

Pete vonBleichert

Kelsey Harrison

Ellen Yong, adjunct biology/PD coordinator

Year 2: 2018-19

me

Allie

Trang Luong

Yvette Butterworth

Rene Anderson

Lale Yurtseven/Carol Ullrich

The LFM members work as PD advisory to the GPS and brings back information and practices to inform GP work, including making the case/getting buy in/communications, use of data, research into best practices (support services and instruction), and how to operationalize the four pillars. The LFM group has been instrumental in helping GPS set goals and suggest ways to move from inquiry into design, learning from colleges across the state and from other leaders in the student success movement.
