

2018-19 Academic Senate Goals

1. Research, discuss, and make recommendations regarding enrollment caps, minimum class size, and student contact ratios.
2. Strengthen faculty purview over the implementation of Guided Pathways and Early College.
3. Collaborate with adjunct professors to advocate for greater professional equity.
4. Partner with administration and District Academic Senate to acquire updated classroom technology and other instructional materials.
5. Work with administration to increase short-course and other flexible scheduling course offerings.
6. Continue to promote a culture of educational equity through professional development and program review feedback.
