

2018-19 Academic Senate Goals

1. Research, discuss, and make recommendations regarding enrollment caps, minimum class size, and student contact ratios.
2. Strengthen faculty purview over the implementation of Guided Pathways and Dual Enrollment/Early College.
3. Collaborate with adjunct professors to advocate for greater professional equity.
4. Partner with administration and District Academic Senate to acquire updated classroom technology and other instructional materials and to improve the physical classroom environment.
5. Work with administrations to increase short-course and other flexible scheduling course offerings, including off-campus courses.
6. Continue to promote a culture of educational equity through professional development and feedback on program review.
7. Explore options for an ethnic studies graduation requirement for AA and AA-T degrees.
