**Public Comment:**
Dan Kaplan distributed a draft resolution critical of ACCJC. He indicated that AFT hopes that all Academic Senate Governing Councils in the state will pass this or a similar resolution. He requested that this draft resolution be placed on the agenda for a subsequent ASGC meeting, and for ASGC to urge the District and state Academic Senates to pass it. If nothing is done, Dan indicated, City College of San Francisco will be shut down in July 2014. Dan suggested that members review the document, ACCJC Gone Wild, on the AFT website. Merle Cutler suggested as well reading a series of articles on this subject in the San Francisco Chronicle. David Laderman said that he will place the draft resolution on the agenda as a Discussion Item for the next ASGC meeting. David will distribute the resolution to Academic Senate members at his earliest convenience

Merle Cutler expressed displeasure that she spent 13 hours in meetings during the 1st 2 weeks of the semester, due to the change in the schedule of Opening Day meetings. Laura Demsetz said that it’s valuable to have both a Division meeting and District-wide discipline meetings in fall, but she felt that it could have been better organized. David Laderman said that he will place this on the agenda as a Discussion Item for a future ASGC meeting.

David Laderman thanked the part-time faculty members for participating in ASGC, despite the lack of financial compensation for the time they spend.
II. INFORMATION ITEMS

1. ASCSM Update: Hayley Sharpe, ASCSM President
Hayley said that unprecedented numbers of students have applied to participate in ASCSM, and in response, ASCSM been creating new positions to accommodate them. ASCSM has scheduled activities next week to celebrate Constitution Day.

2. President’s Report: David Laderman

(a) Institutional Planning and Budget (IPBC) update:
CSM President Mike Claire said that there are plans to hire new faculty, classified staff and administrators. Mike proposed hiring a vice president of business services and dean of academic support. He suggested that the dean would help to coordinate assistance to faculty on SLOs. Rosemary Nurre suggested that the #1 focus should be on hiring faculty. To the extent that there is to be more administrative hiring, she felt that the dean position should be a higher priority than a vice president, because the dean will provide support to faculty.

Laura Demsetz asked whether the vice president position could be a dean position, as it had been in the past. David Laderman reported that Mike Claire said that the difference in salary between a dean and vice president would be minimal.

Merle Cutler said she’d like to see how many new faculty are to be hired before ASGC expresses an opinion about administrative hiring.

Amy Sobel suggested that we have a great need to hire counselors. Martin Bandarek said that all counselors are fully-booked for the next 2 weeks.

Dan Kaplan pointed out that the more administrators are hired, the fewer faculty will be hired, because the pay comes from the same pool of money.

Rosemary Nurre said that faculty have suffered from taking on additional tasks.

David Laderman said that he will invite Mike Claire to come to ASGC to answer questions about the proposal.

The next IPBC meeting will be on 9/20. All faculty may attend and participate.

IV. DISCUSSION ITEMS

1. Plus/Minus Grading

David Laderman said AFT reported that the contract does not require faculty to specify in their syllabi whether or not they are using plus/minus grading. In contrast, the interim Vice President for Instruction has indicated that faculty must do this. Therefore it is unclear whether this is optional. David expressed concern that students could appeal grades if an instructor does not use plus/minus grading.

Laura Demsetz read from the catalogue, which stated that plus/minus grading is optional, and if the instructor uses it, the syllabus must state this.

Charlene Frontiera pointed out that District Board minutes indicate that prior to Board approval, it was stated that plus/minus grading would be optional; however, the actual item approved by the Board does not state it is optional.

Rosemary Nurre suggested that the District Academic Senate request that the Board clarify whether the use of plus/minus grading is optional.

2. Professional Development Committee Funding Priorities

David Laderman reported that CSM President Mike Claire said that there will be a lot of rental income this year (Nueva School, events like parties at College Center, etc.) and that he will allocate much of this money to professional development for faculty.

Amy Sobel suggested we evaluate the criteria for allocating funds between different types of activities (current allocation: 1/3 to short-term, 1/3 to fall long-term and 1/3 to spring long-term). Can we come up with a different way of allocating the funding that has a stronger justification?

Dan Kaplan suggested that professional development be budgeted as 1% of all faculty salaries, not just 1% of full-time faculty salaries, because these funds are available to both part-time and full-time faculty. He suggested that an ASGC resolution in favor of this idea would help AFT to negotiate this as part of the contract.

Rosemary Nurre said that the District is unlikely to agree to a permanent change in funding allocation based on a short-term windfall from rental income.

Amy Sobel said that it’s hard for us to make a recommendation when it is unclear what works with the current allocation system and what does not.
