### **Larry McDevitt – ADMJ (year 1)**

Jim Dudley (ADMJ) – external discipline expert from SF State

Kim Salido (COSM)

Vincent Li (ACTG)

### **Notes/Context from Dean Francisco Gamez RE: Larry McDevitt's discipline expert:**

- *CSM has no full-time faculty discipline expert in Administration of Justice*
- *Skyline's FT faculty member, Steve Aurilio, is retiring at the end of this semester*
- *I have reached out to City College of SF (in our service area) and DeAnza College (outside service area) with no luck.*
- *Since CSM doesn't have any related discipline FT faculty that would know about policing and the justice system, I'm requesting an external discipline expert for approval.*
- *Chief Dudley is a retired veteran of the San Francisco Police Department, serving 32 years in Patrol, Investigations, and Special Operations. He has served in all ranks from patrol officer to deputy chief of patrol and investigations.*
- *Chief Dudley has been teaching at San Francisco State since his retirement for 12 years on faculty as a lecturer.*
- *He is an FBI National Academy graduate and has a Masters in Criminology from UC Irvine.*

### **Study Abroad Advisory Committee (SAAC) for 24-26**

Makiko Ueda (PERS COUNS)

#### **Notes/Context:**

- Requested statements of interested candidates on 5/7/24
- Jeremy Ball's statement:
  - *I have participated in two different Study Abroad programs: Florence in 2009 and Barcelona in 2023. I believe I have a very good understanding of what it takes to be successful with a program and would be interested in helping to match faculty and students for future programs. I think Study Abroad is one of the most significant experiences a student can have. I would like to contribute to growing and sustaining our program at SMCCD.*
- Makiko Ueda's statement:
  - *I would like to serve as a committee member for the study abroad advisory committee for the next term starting fall of 2024. I am a true believer in providing students with the opportunity to participate in a study abroad program. I believe students deserve to challenge themselves to see the world outside their comfort zone. My own journey as a past participant in an international program and later as an international student in the U.S. has strongly shaped my perspectives. I know firsthand the invaluable lessons learned outside the confines of the traditional classroom. By encountering unfamiliar languages, customs, and belief systems, I was challenged to confront and expand my views. It was not easy at times, however, I enjoyed and cherished every moment of being immersed in different cultures. Meeting people from different backgrounds enriched my understanding of the world*

*and it pushed me to grow both intellectually and personally. I was privileged to have such experiences as a student.*

*From my personal experience, I am dedicated to ensuring that students have the chance also to have such transformative experiences. There might be accessibility issues due to the cost, time commitments, and safety concerns, however, I am ready to collaborate with other advisory committee members to ensure the safety and quality of study abroad programs and make the study abroad opportunity more accessible to students. This is my very first time applying for the study abroad advisory committee position. I am excited to have the opportunity to challenge myself and contribute to the enrichment of students' educational experiences through global learning.*
