

Proposed Faculty Appointments

11.12.24

Hiring Committees

Permanent Dean of Math Science

Beth LaRochelle (DENT)
Darryl Stanford (ASTR)
Angel Pilar (MATH)

Notes/Context from Danni Redding Lapuz, VPI: The Dean of Math/Science oversees and supports the work of one of the largest academic divisions of the college. To ensure an open process, I went to a Math/Science Division meeting and asked for volunteers that might be interested in serving on the hiring committee. I then looked for representation from a variety of departments within the division to represent Math, Science, and Health disciplines. The committee will include one dean (Andreas Wolf) and two additional classified professionals (Heidi Pereira – Grants & Programming; Olivia Viveros – MESA/Integrated Science Center) from within the division to be approved by CSEA.

Division Evaluation Committees

BUS/TECH

Peter von Bleichert (chair – BUS/MGMT/PNPA)
Kamran Eftekhari (CIS)
Christy Baird (FIRE)
Kim Salido (COSM)
Lale Yurtseven (BUS)
