The Village provides Puente Project and Umoja students a place they can called their own on the College of San Mateo campus. This space is designed to be a positive social, academic, and cultural space in which diversity is not only welcomed and valued but recognized as an essential fabric of our college community. The proposed mural will provide an artistic reflection of the past, present and future of these vibrant communities. It will allow for our respective students to see themselves, their experiences and their hopes and dreams reflected in a space that is their own.
