Born in Catalonia, Spain, Aina F. Clotas is a figurative oil painter who received her BFA from the Universitat de Barcelona. She has taught at the Barcelona Academy of Art, La Salle University, the Florence Academy of Art in Sweden, and now CSM, while currently co-running the art studio Nuance Fine Art with her husband Joe Altwer. Her work has been exhibited in Spain, the USA, Portugal, Canada, and Estonia. Drawing I/II will focus on developing strong observational skills while studying structure, form, light, and perspective through the usage of charcoal, graphite, and colored pencils. When approached with curiosity and consistent practice, drawing can stand on its own as a powerful medium and compelling form of artistic expression.
