EXPLORE THE UNKNOWN: Many new students are unsure about what to study or how to select a major. University College can help students unlock their interests and talents and determine which major is right for them. One option may be a bachelor’s in University Studies—a personalized plan consisting of two minors in lieu of a major and available to students with 60 or more completed units.

University College
University College fosters student achievement and growth, providing a pathway for student success with resources, advising and coaching that will help students progress toward graduation. nau.edu/uc

Graduate College
Graduate students can choose from a broad range of advanced degrees, including several accelerated programs that allow outstanding undergraduate students to work simultaneously on a master’s degree. nau.edu/accelerated

Accelerated master’s degrees:
- Applied Criminology
- Applied Geospatial Sciences
- Business Administration
- Career and Technical Education
- Engineering
- Forestry
- Psychology
- Sustainable Communities

“I appreciate the academic and social education I received. Opportunities like meeting billionaire businessman Warren Buffett, a research trip to India, and participating in an executive job shadow program all honed my skills for the world after I graduate.”
