### Guided Pathways 2021-22 Goals

- We will utilize the Academic & Career Communities to **equitably provide services** to high needs students through the creation of support teams (see page 2), through collaboration with departments across campus to imbed ACC model where appropriate (website, Welcome Center, outreach/marketing, Student Success Link aka SSL, etc.) & by integrating career milestones into pathways.
- We will support **curricular connections** by collaborating with faculty to create 3-year, part-time and specialty maps for the Program Mapper and gather feedback from faculty on creation of interdisciplinary certificates & degrees to support explorers
- We will establish a **sustainability plan** for Guided Pathways programming that includes identification of financial resources, further development of support teams, maintenance of program mapper, engagement with steering committee beyond Year 5.
- We will maintain **consistent communication** with participatory governance committees, divisions, campus partners through presentations, workshops & monthly update memos.
