Impact of LSP on Students

IMPROVED EQUITY:

- Distribution of books, technology, Makerspace kits, and club kits
- Support learning communities, programs, and courses
- Example: Working with Umoja to develop a curated collection

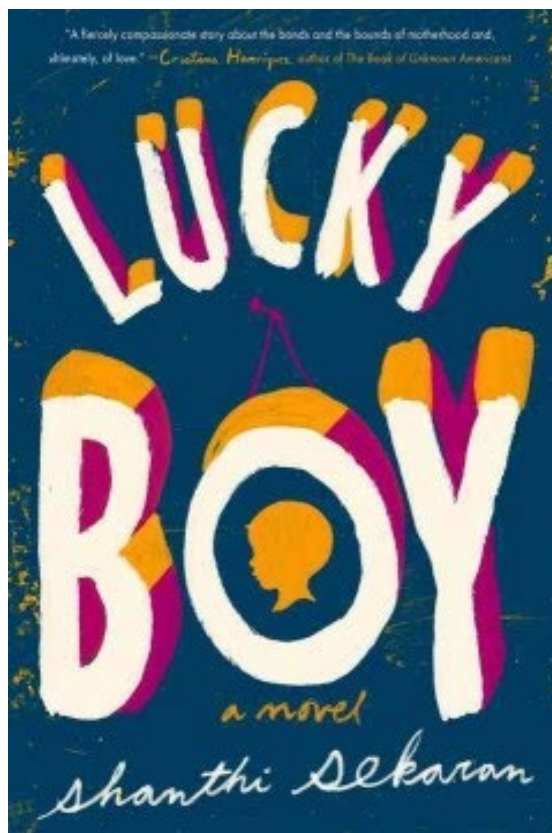

CSM Makerspace

Dia de los Muertos & Puente Club / DGME 103 / ENGR 210 /
Family Science Day / Tool Lending Library

Impact of LSP on our Community

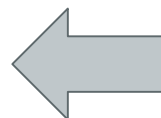

- Control of local subject headings to improve findability and access
 - Example: Guided Pathways and other learning communities
- Ability to make changes locally that would have previously been difficult to impossible
 - Example: Subject heading changes

SUBJECT HEADINGS

- › Single Mothers — Fiction
- › Motherhood — Fiction
- › Illegal Aliens — Fiction
- › Mexicans — United States — Fiction
- › Married Women — Fiction

Impact of LSP on the Campus

- Improved workflow for staff on the ground
- Enabled curbside services to get up and running quickly
- Enabled other departments, including ITS, to add and track equipment and resources quickly and easily
- Serving as the main tracking system across the district for loaned equipment and resources

What's Next

- This week: Transferring books between campuses
- More support for learning communities - Guided Pathways
- Improved course reserves
- Expanded community access for PLS cardholders
- Continued support for Library Systems & Applications Developer position (ITS district position currently held by Stephanie Roach)

Special thanks to all supporters of the library and
your continued support for students.

Our Senate, VPI, Vice Chancellor, CTO and ITS
have been supportive from day one and
continues to support the library in its mission to
improve issues of access, equity, and technology
to all of our students.
