- ProProctor support tools, such as this User Guide, show you how to prepare for your test day so that you'll be less nervous when the time comes. We believe that the more you know about what to expect in advance, the more comfortable you will feel testing remotely.

BE ADVISED: You must be using only a laptop or desktop computer for your exam. No dual-monitor configurations are permitted for testing (i.e.: a desktop with two monitors or a laptop with a separate monitor).

Follow Three Simple Steps

1 System Check

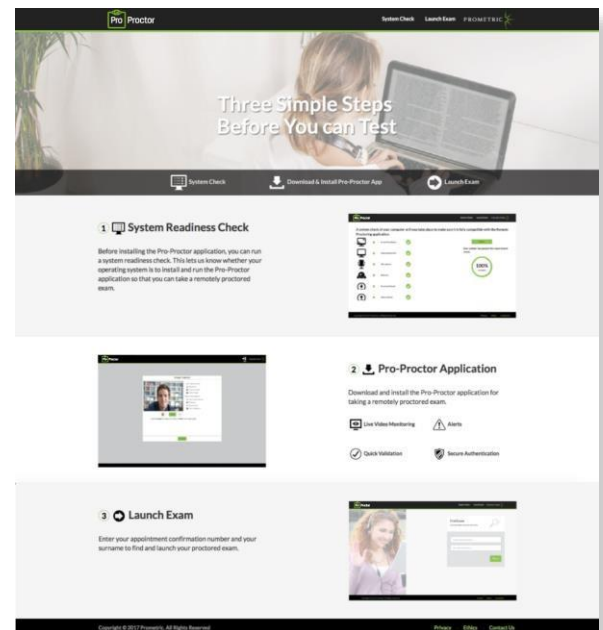

Before installing the ProProctor application, you must run a system readiness check. This check confirms whether your computer is able to install and run the ProProctor application so that you can take your exam.

2 Download & Install ProProctor Application

Once your computer has been validated, you are ready to download and install the ProProctor application that delivers your exam. Follow the instructions provided on the page.

3 Launch Exam

To launch your exam, please enter your appointment confirmation number and the first four (4) letters of your last name/surname (Example: John Summers). You should launch your exam 15 minutes before the scheduled start time so that you can complete the inspection of your testing environment.

Checking In

On the day of your exam, please make sure you allow 15 minutes to prepare your testing environment. When you are comfortably sitting at your workstation go to the Prometric ProProctor site at <https://rpcandidate.prometric.com/>

and launch your exam. Our easy-to-follow, self-serve check-in process will guide through the final preparations before you are greeted by a Prometric Readiness Agent.

1

Image Capture

Simply position your face using the guides on the screen and click the CAPTURE button. Make sure you check that the image clearly shows your face and is not blurry. Click PROCEED.

2

ID Capture

Position your ID card using the guides on the screen and click the CAPTURE button. Make sure you check that all text is readable. Then click PROCEED. Be sure to use only a government-issued, non-expired ID.

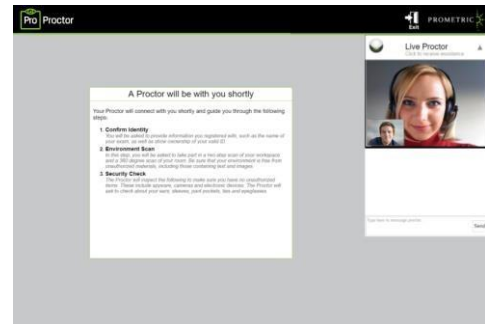

3

Checklist

Read the checklist to ensure you have everything required to take your exam. When you are ready, click PROCEED to alert the Prometric Readiness Agent who will appear on-screen in a few moments.

Meeting Your Prometric Readiness Agent

Your Prometric Readiness Agent will guide you through three security checks before launching your exam.

1

Candidate Detail Confirmation

Your Readiness Agent will confirm your name, address and exam details with you via video chat.

2

360° Environmental Check

Your Readiness Agent will ask you to provide a 360° view of your environment using your webcam. Your agent also will ask you to scan your work surface using your webcam. We strongly recommend having a medium-to- large mirror during your environmental check.

IMPORTANT: Do not have your laptop connected to a docking station anytime during the setup of your exam. This can cause connectivity issues. Make sure to clear your workspace and put away all personal items.

3

Candidate Person Check

Your Readiness Agent will ask you to stand up to do a scan of your person. This scan will include – but is not limited to – conducting a sleeve, pocket and glasses check. Additionally, you will be asked to turn all pockets inside out.

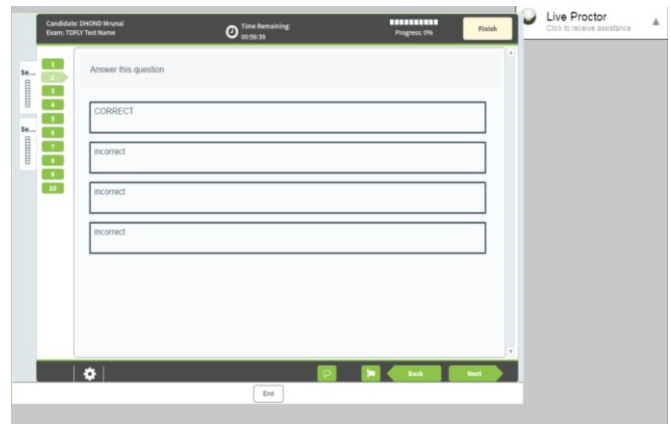

IMPORTANT: In order to expedite the check-in process, please remember to empty your pockets prior to the visual check.

Taking The Test

Now you are ready to take your online proctored exam. Although you will not see your Prometric Proctor, he/she will monitor you throughout the testing process and will be available to provide assistance at any point during your exam. Using the LIVE PROCTOR feature on the right of your screen, you can speak with or send a message to your Proctor when you need help.

With this support function, you will be able to complete your exam with peace of mind, knowing that your Proctor is virtually there with you at all times.

1

Changing location while testing, turning off lighting or audio, speaking to or receiving aid from other individuals is strictly prohibited.

Candidates are required to be professional, civil and respectful at all times while testing.

All exams are continuously monitored by video and audio recording.

The Remote Proctor (RP) and/or Security Agent (SA) is authorized to dismiss you from the test session for a violation of any of the Testing Regulations, including exhibiting abusive behavior towards the RP or SA. If you are found to have violated any of the regulations during your exam, the RP is required to notify Prometric and your test sponsor.

Prometric, alone or in conjunction with your test sponsor, shall then take any further action necessary to sanction your conduct, up to and including invalidation of your test score and/or pursuit of civil or criminal charges. You acknowledge that you have no right to privacy at your current location during exam delivery and that you waive any and all claims asserting a right to privacy.
