CSM Formally Launches Year 1 Program
CSM has launched its Year 1 program this summer. Year 1 is CSM’s version of a college promise program. The goal of the Year 1 program is to help new students make a successful transition from secondary educational institutions to CSM and to fully engage in college life. The program was designed in collaboration with representatives from local high districts and draws on many existing best practices. Major components of the program include a Summer Bridge/Orientation program, Math Jam, Year 1 Learning Communities, multiple measures based placement, intrusive student support services, peer and faculty mentoring, a parent/family engagement program, a monthly speaker series, and a leadership development and community volunteer services program.
