

Dear CSM Community,

On behalf of the Associated Students of College of San Mateo, we welcome you to the Fall 2022 semester. As we start the academic year 2022-23, we are looking for a year full of mental fortitude, harmony, and affinity.

During the last academic year, our goal was to partner with our College president Jennifer Taylor-Mendoza, our faculty, our staff and administrators, and our student support programs. But, we accomplished more than that. We brought more resources to students and worked on projects that will benefit our students in the future. We advocated for a community where our students feel heard and believed. We celebrated our Centennial Anniversary, and most importantly, we brought a sense of community to our campus while recovering from the COVID-19 pandemic.

This year, our primary goal is to have more student involvement on campus and to keep advocating for social justice, equity, and inclusion issues. We also want to keep celebrating our communities and work on the projects we have yet to finish for our students. Finally, we aim to continue expanding our community's opportunities and resources to provide students a pathway to higher education and to empower everyone to come together as a community and support one another.

ASCSM will continue to take action with love to impact our community positively.

Andrea Morales,
ASCSM President
