# THINK / PAIR / SHARE

- Something you hope to get out of today
- What is something you were **excited** and/or **nervous** about in your first-year of college?

I'm nervous about  
getting lost

a lot of  
people

managing school  
and work

all the  
homework,  
quizzes, &  
tests

getting  
good  
grades

Choosing my  
own classes

I felt PROUD  
to be at  
college

I am excited about  
being able to learn  
things I wanna learn  
and not be forced  
to

FRESH START - FRIENDS,  
GRADES, CLASSES,  
REPUTATION
