3. Miscellaneous Tool replacement: This item is one that is placed in the PR each semester to replace miscellaneous tools that are used in the course of the semester for multiple discipline training. (Axes, Shovels, Sledge hammers, and various other hand tools). These are used to demonstrate and develop technique for use. The use of these tools causes wear and once determined to no longer be safe they are taken out of service and either repaired or replaced. Estimated need - \$2000
