Robert Shoffner, director of the San Mateo Small Business Development Center (SBDC) with Elsa Alvarez, owner of Snacks Antojitos Mexicanos in downtown San Mateo. Elsa worked with an SBDC advisor to improve sales and add jobs.

Since its inception in 1922, the San Mateo Community College District has been actively involved in supporting and educating the small business community of San Mateo County. In 2012, when an opportunity arose to open a dedicated Small Business Development Center (SBDC) for San Mateo County, it was a “no-brainer.” Up until the opening of the center doors in the fall of 2013, many of the educational and counseling needs of the San Mateo small business community had been met by centers in San Francisco and San Jose. The San Mateo SBDC has now been actively pursuing its mission to provide quality management and technical assistance for entrepreneurs and existing small businesses since 2013. The program positively impacts the economy in San Mateo county communities as measured by retained and new jobs, new businesses created, increase in sales and access to capital. During the first two years of the center’s operation, 493 businesses received 3,677 hours of one-on-one counseling; 4,211 county residents attended SBDC training events; 428 new jobs were created; and 43 new businesses opened. In addition, \$11.2 million in new capital and \$11 million in taxable revenue were secured.

Rhonda Farland

Entrepreneur; CSM, Class of 2007

After graduating with honors from CSM, Rhonda Demars Farland launched a successful line of natural and organic skin-care products and cosmetics and currently serves as president of her own company, Progress in Health, Inc. Her flagship brand, Erzulie® Natural Cosmetics, which she formulated herself, is in the top ten bestselling cosmetic stores on Etsy.com. Rhonda and her cosmetic line were featured in a *New York Times* article "Etsy, the Makeup Counterculture." Rhonda says, "I truly believe that the education I received at CSM was an integral part of my success. I'm so passionate about what I do and I am making a difference."

Student Success Story: Andy Guinn

Photo courtesy of Andy Guinn

Andy's path to college began after a very successful career in the print industry. Although his career in printing served the purpose of supporting his family, it was not an avocation he had chosen based on passion, curiosity, or using his true technological talents.

Having achieved success in the printing business did provide Andy the requisite income he needed to facilitate making a change and seek something new and challenging. He made the decision to sell his business and made the move to pursue a new career based on his passion for electronics. He decided to enroll full-time at CSM and work toward an associate degree in electronics.

Attending CSM was a very satisfying experience for Andy. He discovered that he could actually learn to do something he loved for a living. He was also excited that he was able to choose what he wanted to do, and this sparked in him an ability to visualize the many possibilities now open to him once he completed his education.

While at CSM, Andy learned not only what his studies entailed, but also how to deal with what he later found out was undiagnosed ADD. Up until then, his educational experience had been hampered and frustrating. With the newfound discovery of the condition and obtaining

Responding to the Waves of Innovation

By Michael Claire, CSM President

For me, the intersection of Bayfront Expressway and Willow Road in East Menlo Park symbolizes the transformation of our region's economy over the last fifty years. During the 1960s my father worked for Raychem, an aerospace company that had major contracts with the defense industry. As a child I remember when the new Raychem campus was built. The east edge of Raychem reached the intersection of what is now Bayfront Expressway and Willow Road. Today, Facebook's campus expansion now occupies an area where many of those Raychem buildings once stood. In a similar vein, I remember the construction of the Sun Micro Systems campus at the corner of Bayfront Expressway and Willow in the early 1990s. Sun designed and manufactured high-end computer workstations. Sun's old campus is now the site of Facebook's headquarters, where tourists stop to take a "selfie" in front of the Facebook sign.

Of course, there are other economic sectors and companies besides Facebook that are critical to our local economy. However, the corner of Bayfront Expressway and Willow Road is a clear reminder that we live in a region of constant innovation and economic change. The three companies that have occupied that corner symbolize a transition from an economic region dominated by defense contractors in the 1960s, to hardware and software companies in the 1970s through the 1990s, to companies based on the internet, mobile communications, and other cutting edge technologies today.

According to *Next Silicon Valley: Riding the Waves of Innovation*, a white paper published by Joint Venture: Silicon Valley Network in 2001, our region has experienced four waves of innovation since 1950: defense, integrated circuits/semiconductors, personal computers, and the internet. The paper argues that the technologies developed in each wave have made the subsequent innovation wave possible. Although written in 2001, the paper accurately predicted the emergence of other technologies that we take for granted. These include inexpensive broadband networking, mobile communications, the growth of biotech and bioinformatics, and digital media.

So what does this have to do with College of San Mateo? If you think about it, community colleges have always responded to each new wave by modifying existing programs, eliminating programs where employment demand has declined, and adding new programs. Thus,

Message from the President

Welcome to the spring semester at College of San Mateo. The diversity of classes in this schedule represents nearly 100 different degree, transfer and certificate programs. In addition to CSM's strong transfer programs, the college also provides a robust selection of Career and Technical Education (CTE) programs. CTE programs are designed to prepare students for immediate employment in a wide range of high-growth and high-skilled careers. Whether you are looking for high-skill, high-wage work, a career change, or help in launching or growing your own business, CSM offers the programs and support services needed to reach those goals.

We've included a student story about Andy Guinn, a business owner who decided it was time for a career change. After selling his business, he was able to pursue his lifelong passion by enrolling in CSM's electronics program. Following his graduation, Andy was hired by Tesla and is currently working at the Tesla Gigafactory 1 in Reno, Nevada. Andy's hard work, passion, and education has paid off both personally and professionally.

While CTE programs provide significant opportunities to work in major industries and businesses, they also serve as launching pads for entrepreneurs and small businesses. Our business program has evolved to meet the needs of students who have a business or product concept, but aren't sure how to bring it to life. I hope you read the interview with Business Professor Peter von Bleichert who helped develop our new certificate program, *Entrepreneurship—From Idea to Success*. Peter discusses his background in business and his goals for the new program. I think you will find his dual passions for business and education quite inspiring.

Working in tandem with this new offering is the CSM Small Business Development Center (SBDC). Center Director, Robert Shoffner, discusses how the center works with students and members of the community to access free small business resources, such as consultation, financing, mentorship, and general guidance. During the first two years of the center's operation, 493 businesses received 3,677 hours of one-on-one counseling; 428 new jobs were created; and 43 new businesses opened. In addition, \$11.2 million of new capital was secured. I encourage you to read the story for the complete picture of how the SBDC is working closely with the local San Mateo community.

Finally I invite you to read 'Responding to the Waves of Innovation', a piece discussing the relationship and the responsibility the college has to the community to ensure that CSM programs continue to remain relevant to students and employers.

CSM is an important part of our regional economy. The Bay Area—a place of constant technological and economic change—requires educational institutions to be diligent about adapting their programs for the future. CSM has responded to our dynamic economic region since it was established in 1922. Our college will continue to support local employers by providing quality education that matches workforce needs.

Whether you want to change careers, upgrade your skills, or start your own business, CSM is committed to helping you achieve your goals. I hope you enjoy reading about these programs. Perhaps you will find opportunities at CSM that interest and inspire you.

About College of San Mateo

College of San Mateo is located at the northern corridor of Silicon Valley and situated on a beautiful 153-acre site in the San Mateo hills that provides a panoramic view of San Francisco Bay. Since 1922, CSM has been a gateway to higher education leading to university transfer, career preparation and advancement, and professional and personal development.

The College currently serves approximately 10,000 day, evening and weekend students per semester. CSM students reflect the diversity of the Bay Area and have a range of educational goals. To best serve our students, the curriculum offers a wealth of programs that include traditional, semester-length and short courses in addition to distance education.

Students can experience a vibrant campus life to complement classroom learning that includes leadership development, student government, more than 30 student clubs and educational and cultural activities. CSM is proud of its championship intercollegiate athletic teams which compete at the highest community college level. Many student-athletes receive scholarships and continue at four-year institutions and numerous CSM athletes have gone on to professional careers.

To ensure student success, CSM offers a comprehensive selection of academic support services. Resources include financial aid and scholarships, counseling, transfer services, tutoring, employment assistance, health services and child care, among many others.

For more information about the college, visit collegeofsanmateo.edu/exploreesm. Guided campus tours can be scheduled through collegeofsanmateo.edu/tours.

College of San Mateo is accredited by the Accrediting Commission for Community and Junior Colleges of the Western Association of Schools and Colleges, (10 Commercial Boulevard, Suite 204, Novato, CA 94949, 415-506-0234), an institutional accrediting body recognized by the Council for Higher Education Accreditation and the U.S. Department of Education.

An Interview with Professor of Business Peter von Bleichert

Briefly describe the philosophy and mission of your work at CSM.

My mission is to serve our students. I want them to believe they can take their passion, build a business around it, and spend their life doing what they love. I am also a firm believer in education and life-long learning, and hope to kindle that in everyone I encounter. Lastly, I truly think CSM is one of the best community colleges in the country and has some of the most dedicated and talented staff and faculty anywhere. Therefore, I try to help our students realize and cherish this opportunity, so they may exploit it, and build better lives for themselves and their families.

How has your personal experience contributed to the development of the CSM entrepreneurship certificate program now launching in the Business & Technology division, and what is your role in it?

I have personally planned and ramped-up two small businesses, including a non-profit. Knowing that many entrepreneurial students do not wish to pursue an associate's degree or do not have ambitions to transfer to a four-year college, I worked with CSM's business/management faculty and designed the new certificate program: *Entrepreneurship—From Idea to Success*, and its eight new courses.

This new certificate program caters to students with an idea for a product—a good, service, or both—and aspire to launch a business, as well as students that may already have an existing small business and are flying by the seat of their pants, and wish to refine their business trajectory. Regardless, the goal is to increase chances of success, as most small businesses fail in the first few years. We help students reach this goal with thorough market analysis, strategic planning, and expert consultation. We at CSM's business department help these entrepreneurs by teaching them how to write a business plan, how to locate sources of financing, how to pitch ideas to investors, how to surmount human resource and legal challenges, and how to implement an effective marketing campaign with limited budgets. Furthermore, students can customize their program, adding electives that customize studies to specific and relevant career technical knowledge areas, such as accounting, cosmetology, and digital media, to name just a few.

Could you tell us a bit about CSM's Small Business Development Center (SBDC) program?

The SBDC--located on our campus, and run by Director Robert Shoffner, also an adjunct professor in the business/management department--allows students and members of the community to access free small business resources, such as consultation, financing, men-

torship, and general guidance. Access to the SBDC is an invaluable part of CSM's business certificate and degree programs, and is a direct reflection of the US Government's vested interest in seeing entrepreneurs succeed, thereby increasing employment and tax revenues, and contributing to state and national economic growth.

Are there any student success stories you would like to share?

I am honored to be associated with the CSM Business Club as co-advisor. During the spring 2016 semester, the club organized a successful campus-based pop-up business, hosted a food truck business case competition, and ran an intra-district business plan competition. The club's members and officers are busy people—commuting, carrying full course-loads, working, fulfilling

You have a very interesting background, starting out as a writer and achieving a master's degree in the field of international business as well as earning a doctorate in public policy and administration. How did your role as an adjunct professor teaching business begin at CSM?

Some of the most influential people in my life have been teachers, so I've always carried a special respect for educators and education. Following several years of corporate experience after graduate school, I started my own small business and began to pursue part-time teaching opportunities. With my background in business, and having lived and studied abroad, I applied for a position at CSM as a teacher of International Business. Now, fifteen years later, I am a full-time professor and lead faculty for the business/management department, though I continue to be a creative/technical writer and run my own small enterprise.

Who May Attend CSM

Any person who is a high school graduate, or who has passed the California High School Proficiency Examination or the General Education Development Examination (GED), or who is 18 years of age or older is eligible to attend this public community college. See How to Apply and Enroll on page 5.

High school students may be admitted for concurrent enrollment with the permission of the dean of enrollment services. See College Connection Concurrent Enrollment Program on this page for details.

Open Enrollment

Every course offered at College of San Mateo (unless specifically exempted by legal statute) is open for enrollment and participation by any person who has been admitted to the College and who meets the prerequisites of the course provided that space is available.

Residency

Students who have been California residents (as defined in the Education Code) for more than one year prior to the beginning of any semester are eligible to enroll as residents for that semester. Nonresident students are those U.S. citizens who have not been residents of California (as defined in the Education Code) continuously for one year prior to the start of the semester. They are required to pay a tuition fee of \$215 per unit at the time of registration, in addition to other required fees paid by California residents. Nonresident students possessing “T” or “U” visas are exempted from paying the nonresident tuition rate. Students may be required to present documentary evidence of eligibility for classification as residents. See page 21 for Fees.

Students need not be U.S. citizens to be classified as residents. Permanent resident aliens and many other citizens of other countries are eligible to establish California residency.

Getting Started at CSM

Continuing Students Priority Registration

Priority registration gives specific groups of students the opportunity to register for classes early. Generally, groups are given priority based on maintaining current Student Educational Plans (SEPs), completing the matriculation process, maintaining good academic standing, and earning a total number of units with the district.

A student is considered a continuing student with priority registration if the student enrolled in the Spring 2016 semester in at least one class and is either still enrolled; or dropped the class after the class session had started. In late October, students will be sent a WebSMART registration appointment email which will contain their individual appointment date. Continuing students may register and pay fees using WebSMART on or after their appointment date. **All students who have an outstanding balance from any prior semester will not be able to register for classes until all fees are paid.**

Application Process for NEW and FORMER Students

All students who have not attended any of the last three semesters, including summer session, must submit an Application for Admission for the Spring 2017 term. Submit an Application for Admission at collegeofsanmateo.edu/apply. After being admitted, and completing matriculation requirements, if applicable, new and former students may register and pay fees using WebSMART. See Spring 2017 Important Dates on page 2.

College Connection Concurrent Enrollment Program

The High School College Connection Concurrent Enrollment Program is a special program designed to provide current 9th–12th graders the opportunity to get an “early start” on their college experience and earn college credit. Enrollment fees are free to California residents who enroll in less than 11 units.

Step 1: Apply for admission online at collegeofsanmateo.edu/apply.

Step 2: Meet with your high school counselor to review and select your college courses.

Step 3: Take placement tests at CSM if you plan to register for English or math courses or a course that has an English or math prerequisite. More information can be found at collegeofsanmateo.edu/testing.

Step 4: Submit completed Course Request Form to the Admissions and Records Office at College of San Mateo, Building 10, Third Floor, by mail, in person, or by fax (650) 574-6506.

Step 5: Register for classes at collegeofsanmateo.edu/websmart.

Step 6: Sign in and use your assigned my.smccd.edu email.

For more information, visit collegeofsanmateo.edu/ce.

Priority Enrollment Program (PEP)

For Graduating High School Seniors and Other New or Returning Students

College of San Mateo offers a special enrollment program that provides priority access to matriculation services and enrollment for students who plan to enter the College in Fall 2017. More information about PEP can be found at collegeofsanmateo.edu/pep.

Transfer Students

Students who have completed lower division coursework at other colleges and universities and wish to apply that credit to the completion of a College of San Mateo certificate, associate degree, or to a California State University General Education Certification, or to an IGETC Certification should have their transcripts officially evaluated after applying for admission at collegeofsanmateo.edu/apply. For more information, review the Transcript Evaluation Service information at smccd.edu/transeval.

Dismissed Students

Students on dismissal status within the San Mateo County Community College District must go through a process to request reinstatement and permission to enroll in classes. The first step of this process at College of San Mateo is to attend a Reinstatement Workshop. To schedule a reservation for a workshop go to the Counseling Office in Building 10, Third Floor, Room 340 or schedule online (WebSMART - “schedule appointments”). Students must complete the workshop and the reinstatement process prior to the registration deadline date for the term for which they request enrollment.

Students who were dismissed and who have NOT been in attendance at College of San Mateo, Cañada, or Skyline College since Spring 2016 must complete an Application for Admission prior to attending the Reinstatement Workshop.

International Students

Residents of other countries may apply for admission as F-1 Visa students through the International Education Program. Special international student applications, related forms and additional information may be obtained from the International Student Center (Building 10, Third Floor, Room 310). For office hours and more information, call +1 (650) 574-6525 or go to collegeofsanmateo.edu/international.

To be eligible for priority admission for the semesters listed below, special applications should be filed in the International Student Center by these dates:

Fall 2017 (August–December) July 1, 2017

Spring 2018 (January-May) November 15, 2017

AB 540 Students

Under Assembly Bill 540 (AB540), you may be exempt from paying non-resident tuition. Students who have attended a California high school for three years and received a California high school diploma or its equivalent, such as a GED or passing the high school proficiency exam, are exempt from paying nonresident tuition. If you are qualified, please complete the AB540 form and submit it by fax (650) 574-6506, by mail, or in person to the CSM Admissions and Records Office located in College Center Building 10, Third Floor, Room 360. You may obtain the AB540 form from the CSM website at collegeofsanmateo.edu/forms, or from the Admissions and Records Office.

International Education Program

College of San Mateo welcomes international students, who enrich the academic, cultural, and social life of the campus by bringing a diversity of ideas and multicultural perspectives to the classroom and by providing opportunities beyond the classroom for all CSM students to engage in conversations and activities that create a broader understanding of the global community in which we all live.

College of San Mateo’s International Student Center provides extensive support services for international students including an efficient admissions process, assistance with financial aid, a welcoming on-campus orientation, and ongoing counseling and advising throughout the students’ enrollment at the college. Dedicated, student-centered professors, small class size, and state-of-the-art facilities create a robust instructional environment in which students grow intellectually and prepare for transfer to a four-year institution or for further training in a career. For information, contact (650) 574-6525.

Distance Education

College of San Mateo is committed to meeting the evolving needs and expectations of its students and community through the expansion of alternative means of delivering instructional and student support services.

Distance education courses consist of online and hybrid courses. Online courses are conducted through a class website, and there are no mandatory campus meetings. Hybrid courses are conducted mostly online but do have at least one meeting on campus. Most CSM distance education courses are applicable toward associate degree credit, and many satisfy transfer course requirements. Additionally, students enrolled in distance education courses have the same access to financial aid as those enrolled in on-campus courses.

Distance education courses may not be right for all students. They give students greater freedom of scheduling, but they also require more self-discipline than on-campus courses. How well distance education courses fit into a student’s educational and career goals depends on many factors. It is important for first-time distance education students to review the information available on the distance education website at collegeofsanmateo.edu/distanceeducation. For those students who are able to create the right environment, have the right study habits, and understand the technical and academic requirements, CSM’s Distance Education courses can be as effective as on-campus courses in terms of student learning.

The Distance Education Resource Center is available to assist students and answer questions in order to ensure College of San Mateo students have a successful distance learning experience. For more information, please visit the Distance Education website at collegeofsanmateo.edu/distanceeducation or call (650) 574-6271.

Spring 2017 Registration Dates & Times

Continuing Students: Nov. 2 – Nov. 8
New & Former Students: Nov. 9 – Jan. 16

How to add classes after the semester has started

To add a class, attend the first class meeting to obtain the instructor’s approval.

If space is available, the instructor will give you a four-digit authorization code to enter when you register. You must complete the registration process through WebSMART no later than Monday, January 30.

For important information regarding deadlines for eligibility for credit or refund of fees please visit: collegeofsanmateo.edu/fees/credit.asp.

Online classes – You can find online instructor contact information by selecting the course title link within WebSCHEDULE (collegeofsanmateo.edu/webschedule).

How to Apply and Enroll

COMPLETE STEPS 1–6 IF YOUR EDUCATIONAL GOAL IS TO obtain an associate degree or certificate or transfer to a university; or if you are undecided and considering one of the aforementioned goals; or if you wish to use counseling services; or if you plan to apply for financial aid; or if you are a veteran and plan on collecting veteran’s educational benefits.

COMPLETE STEPS 1, 5, and 6 IF YOUR GOAL IS TO take courses for personal enrichment; upgrade or maintain job skills; participate in the College Connection Concurrent Enrollment Program; or if you are primarily a student at another college or university and taking courses at CSM to meet the requirements of your home institution; or if you do not intend to use counseling services. If you wish to use counseling services you must also complete Step 3, the College Orientation Workshop.

Step 1: Apply for Admission and Identify an Education Goal

All students are required to complete the Application for Admission. Fill out the Application online at collegeofsanmateo.edu/apply.

After the application has been received, you will be sent an email confirmation with additional information. You will also receive a student identification number (which begins with a “G”). Use this number to conduct all college business and access college services.

Step 2: Complete Assessment and College Placement Tests

College placement tests are designed to assess your skills in English or ESL, reading, and mathematics. Test results assist you to select courses, build an appropriate schedule

of classes and determine whether you meet prerequisites for certain courses. Review sample tests questions online at collegeofsanmateo.edu/testing. It is recommended that you do some test preparation prior to taking the placement tests.

To schedule placement tests, log into your student WebSMART account. The user ID is your G number and the password is your 6 digit birth date. Click on “Student Records and Student Appointments.”

- You must complete the application for admission and have a student G number to schedule a testing appointment.
- You must present a photo ID and your student G number on the day of testing (no exceptions).
- There is no fee for testing and it takes approximately 2.5 hours to complete.
- The Assessment Center is located in College Center Building 10, Third Floor, Room 370.

If you have already successfully completed English and/or math courses at another college or university within the United States and are planning to enroll in an English or math course or a course that has an English or math prerequisite, then your previous coursework must be approved. Visit collegeofsanmateo.edu/prerequisites for more information and to obtain the Prerequisite Equivalency form. If you are transferring in from another college and do not plan to enroll in an English or math course or a course with an English or math prerequisite, then you may proceed to Step 3.

Step 3: Complete College Orientation Workshop

All students who want to use counseling services must first complete a college orientation workshop. Schedule a work-

shop in your WebSMART account. Enter WebSMART, click on Student Records, find Student Appointments. Bring to the workshop your placement test results. Please arrive on time as latecomers are asked to reschedule. At the completion of the 1.5 hour workshop you are eligible to meet with a counselor.

High school students participating in the College Connection Concurrent Enrollment Program are not required to go to the College Orientation. However, they are welcome to go and gather more information about the college.

Step 4: Meet with a College Counselor and Get Your First Semester Educational Plan

Meet with a college counselor to review your educational interests and goals. The counselor will create with you a 1 or 2 semester student educational plan (SEP) in your Degree Works.

Step 5: Register for Classes and Pay Fees

- Register for classes
- Pay for all enrollment fees
- Print a schedule summary of this transaction
- You can also order textbooks online in WebSMART under registration

Step 6: Sign In and Use Your Assigned my.smccd.edu Email

All college electronic communications will be sent to your my.smccd.edu email address. You can expect to receive important email messages from your professors and the college before the first day of school. Log into your WebSMART student account to find your email address and password and check it regularly.

Financial Aid

Students applying for Financial Aid must complete enrollment steps as noted above. All students who have completed coursework at other colleges/universities must have their transcripts officially evaluated within the first semester of enrollment. To request an official evaluation have all of your transcripts sent to College of San Mateo Admissions and Records Office and request an evaluation on WebSMART. Sign on WebSMART, click on Student Services, find Request a Transcript Evaluation.

Complete a Free Application for Federal Student Aid (FAFSA) to automatically be considered for all of the following programs:

Board of Governor’s Fee Waiver (BOGFW)

The State of California offers a BOGFW for students who are residents of the State of California, attend a community college, and are eligible for need-based financial aid. The BOGFW pays enrollment fees only for the academic year when eligibility has been determined. Other fees, such as parking, health, student body and student representation, must be paid by the student (see Fees page 21). Important: New eligibility regulations effective Fall 2016. See page 7.

Federal Pell Grant

You are automatically considered for a Federal Pell Grant when you file the FAFSA. If you receive an Expected Family Contribution (EFC) of \$5200 or less on the Student Aid Report

(SAR), you are eligible for a Federal Pell award. Less than half-time students have a much lower EFC cut-off to be eligible for a grant. Awards for students are prorated based on enrollment status: full-time 12 or more units; three-quarter time 9–11.5 units; half-time 6–8.5 units; less than half .5–5.5 units. Awards range from: \$287 – \$5,775.

Cal Grant A, B and C Deadline to Apply is March 2 or September 2

Cal Grants are for California residents only. They are awarded by the California Student Aid Commission for attendance in schools in California only. Maximum awards are: Cal Grant B \$1,666; Cal Grant C \$547.

Federal Supplemental Educational Opportunity Grant (FSEOG)

FSEOG is a grant awarded to students with exceptional need (EFC of 0 through 1,000). Awards range from: \$100–\$800. Priority application date: March 2. Visit www.icanaffordcollege.com

California Chafee Grant (CHAFEE)

The California Chafee Grant Program awards funds to eligible current or former foster youth for career and technical training or college courses. Eligible Chafee applicants are required to be, or to have been, in foster care between their 16th and 18th birthdays, and to not have reached the age of 22 by July 1 of the award year. Maximum annual award: \$5,000.

Extended Opportunity Programs and Services (EOPS)

EOPS is a state-funded program that provides book vouchers, grants, support services, and limited transportation services to high-need, educationally disadvantaged students who are California residents. Students must complete the FAFSA and/or a BOGFW application to apply. Students must be enrolled full-time at the time of application. Final eligibility for EOPS and CARE is determined and coordinated through the EOPS Office.

Student Employment Federal Work Study (FWS)

Students who apply for financial aid and complete the Student Information Sheet and the FAFSA by March 2 are given priority. Maximum Annual Award: up to \$10,047. Priority application date: March 2.

California Dream Act

The Dream Act was passed into law in 2011 and allows AB 540 students to apply for and receive several types of financial aid, including Board of Governors Fee Waiver, Cal Grants and Chafee Grants, EOPS, CARE or CalWorks and Scholarships.

Loans and Scholarships

Loans are funds that students borrow now and repay after they complete a program of study or stop going to school. Scholarships are awarded for a variety of criteria. Visit collegeofsanmateo.edu/financialaid or call the Financial Aid and Scholarship Office at 574-6146 for more information.

Financial Aid Steps

Step 1: Apply

For 2016–17 file a 16–17 FAFSA at www.fafsa.ed.gov. College of San Mateo’s college code is 001181. FILE EARLY for the upcoming year (anytime after January 1). Log in to WebSMART for dates and sign-up.

Step 2: Student Aid Report Received

After you apply, you’ll receive a Student Aid Report (SAR). Your SAR contains the information reported on your FAFSA and usually includes your Expected Family Contribution

(EFC). The EFC, a measure of your family’s financial strength, is used to determine your eligibility for federal student aid.

Step 3: Check SAR for Accuracy

Your SAR must be checked for accuracy. Please check WebSMART for any additional information required to complete your file before submitting your SAR to the office.

Step 4: Submit Documents

Submit all required documents to College of San Mateo’s Financial Aid Office. File is complete!

Step 5: Notification of Result

Check WebSMART to learn the status of your financial aid. College of San Mateo will notify eligible students in WebSMART by an award letter outlining the types and amount of Financial Aid they qualify for at CSM.

Step 6: Aid Funds are Paid!

You will receive a check in the mail or if you signed up for direct deposit funds will be electronically deposited into your bank account. Prepaid cards are also available.

6 EDUCATIONAL GOALS: ASSOCIATE DEGREES, CERTIFICATES, TRANSFER

Educational Goals at CSM

View the College Catalog and the College website, collegeofsanmateo.edu, for more information about goals and opportunities at College of San Mateo.

University Transfer Program

Complete your freshman and sophomore years of university work at College of San Mateo and transfer as a junior to a baccalaureate level college or university. College of San Mateo can help you plan an educational program to prepare you to transfer to the University of California, California State University or private college or university to earn a bachelor’s degree. Assistance from Counseling Services and Transfer Services can ensure a smooth transition to the transfer institution of your choice. With planning, it is possible to concurrently complete an associate degree as you complete coursework to facilitate university transfer. In many cases, students planning to transfer may want to pursue an Associate Degree for Transfer (AA-T/AS-T). See information below.

Associate Degrees for Transfer (AA/AS-T)

Benefit Students Intending to Transfer to CSU

California community colleges offer associate degrees designed to support transfer to the California State University system. Students who complete an AA-T or AS-T secure priority admission to the California State University system. A list of associate degrees for transfer (AA-T/AS-T) is located in the CSM Catalog and on the Transfer Services website. For more information about SB 1440 and advantages to completing an AA-T or AS-T go to www.sb1440.org or www.adegreewithaguarantee.com.

Associate in Arts and Associate in Science Degree Programs

At College of San Mateo you can select from over 65 associate degree majors, or choose to complete multiple degrees to enhance career and job opportunities or for personal enrichment. Graduation from College of San Mateo with the associate in arts or science degree is based upon the completion of 60 units of lower-division college-level work, which includes major, basic competency, and general education requirements. For a complete list of associate degree majors and courses required to satisfy each major refer to the CSM Catalog.

Certificate Programs

You can earn a certificate in achievement or a certificate of specialization in over 70 areas. Certificate programs are designed to prepare you for employment. All certificate programs are carefully developed by advisory committees composed of college staff and selected representatives from the business and industrial communities. Typically certificates require 12–40 units of coursework and can be completed in one semester or over several semesters. Certificates are awarded upon successful completion of requirements listed in the CSM Catalog.

Bachelor Degree to Associate Degree

Students who have already been awarded a Bachelor’s degree from a regionally accredited college or university in the United States and wish to pursue an associate’s degree at College of San Mateo may be exempt from College of San Mateo local Associate degree requirements if the lower division degree-applicable coursework completed for the Bachelor’s degree includes current Title 5 minimum associate degree requirements. (Title 5, 55063) This policy does not apply to Associate Degrees for Transfer (AA/AS-Ts). Students must still complete a minimum of 12 units in residence to establish residency at College of San Mateo and must complete at least 50% or 12 units, whichever is less, of coursework applied to the associate degree major in residence at College of San Mateo. The units applied to meet residency requirements may also be the units that are needed to meet the major requirements. For more information refer to the college catalog or use Counseling Services.

Monitor Your Progress toward University

Transfer, AA/AS-Ts, Associate Degrees, and Certificates

Within your student WebSMART under the Student Services tab, find DegreeWorks. DegreeWorks is a tool to monitor progress toward your educational goals. DegreeWorks looks at the program requirements found in the College of San Mateo, Cañada College, and Skyline College catalogs and the coursework you have completed to produce an easy to read degree audit. Also in DegreeWorks you can work with a counselor to develop a comprehensive student educational plan (SEP) that maps out, semester by semester, courses needed

to meet your educational goals. Students with SEPs have a higher registration priority than students who do not have SEPs.

Multiple Educational Goals

At College of San Mateo you are free to pursue your educational interests for personal and career growth and development. This may mean that you want to complete certificates, associate degrees, and transfer. You are not limited to selecting one educational goal.*

**Students participating in the CSM Financial Aid program are required to declare one primary educational goal.*

Updating Job Skills

You may find classes and programs that appeal to you for updating your job skills or advancement in your career.

Program Planning and Enrollment Management

Students enrolling at College of San Mateo should plan a program of study that will meet their educational and career goals. Attend the College Orientation and Course Selection Workshop to acquire information about program planning and how to achieve educational goals. All students who attend a workshop have access to counseling services and should consult with a counselor early in the educational process for academic planning assistance. Students often have multiple goals and plan to complete a college certificate, an associate degree, and/or transfer to a university to complete a baccalaureate degree.

If in the course of enrollment at College of San Mateo, students find it advisable to change their program of study or educational goal, they may do so. These changes should be discussed with a counselor and students should be aware that any changes may result in extending the time necessary to fulfill the certificate or degree or transfer requirements. Ultimately, students maintain full responsibility for planning their educational programs and for their enrollment management.

Students are responsible for maintaining current and accurate information in their WebSMART accounts, checking student email, updating educational goal information, managing registration and enrollment, retrieving grades and placement test results, and monitoring academic standing.

Associate Degree for Transfer (AA/AS-T)

These unique associate degrees allow students to prepare for transfer and complete an associated degree that guarantees admission with junior standing to the California State University system. Though not a guarantee to all California State University campuses and all majors, it does secure priority admission consideration.

“Obtaining an Associate Degree for Transfer at College of San Mateo gives students a significant advantage in the transfer process!”

CSM in Your Community—Boosting Business (continued from outer front cover)

The SBDC fulfills its mission by working directly with the diverse business community of the county, such as walking the largely Hispanic San Mateo north B Street corridor with a multi-lingual advisor to ascertain its business needs. It includes partnering with city Chambers of Commerce to provide value added workshops to their memberships on such topics as employment law, providing retailing strategies, small business innovation research, government certifications and procurement. Additionally, partnerships have been formed with organizations such as the National Association of Women Business Owners, as 33% of small businesses in the county are women owned; the San Mateo NAACP; San Francisco and San Jose African American Chambers of Commerce; and city economic development departments. The center director also takes an active role as co-faculty advisor for the CSM Business Club.

The following success stories exemplify the effectiveness of the SBDC in action:

Grace Yoga: Dana Kaye is a long-time health professional, devotee and student of yoga who wanted to both formalize and grow her yoga classes by starting a yoga studio in Millbrae, California. Dana didn't know how to proceed in order to get the start-up business loan she would need to get her studio off the ground.

SBDC advisers helped Dana decide upon the best legal structure for the business (LLC), create and edit a business plan with financial projections, and apply for and successfully receive a \$150,000 business loan. As a result of the loan, Grace Yoga was able to open, creating a full-time job for Dana as manager and 12 additional part time jobs, including class instructors.

Snacks Antojitos Mexicanos: This small business offers a simple menu of 25 Mexican fresh fruit and ice-cream snacks. They are located in a predominantly Hispanic business community. The owners emigrated from Mexico and after working for others 15 for years decided to open their own business. Pedro and Elsa Alvarez were raised eating fresh fruits daily in Mexico. Now, Pedro and Anna make a living selling fresh fruits.

Pedro and Elsa met with an SBDC Advisor, shared their concerns and expressed their desire to improve business and increase sales. The advisor, Pedro Castaneda, worked with the business owners on merchandising and marketing. Specifically, the advisor intervened with the San Mateo City Planning Department to facilitate the expansion of seating tables on the sidewalk in front of the store, creating a more attractive storefront. Over this past year, the business has retained two jobs, added four new positions, and increased revenues by 20%.

The San Mateo SBDC is proud to be a facilitator that bridges the educational resources of the San Mateo Community College District to the needs of the small business community. Our mission is to ensure that the small business community is informed about cutting edge business trends, information and business management techniques that help businesses thrive in the 21st Century.

family responsibilities, etc.—but they dedicated themselves to very ambitious projects and followed through by navigating planning, leading, organizing, and control challenges, all within a very demanding time-frame. The Business Club's plans for the future are just as ambitious.

One of my proudest moments was when two of my students placed first and second place in a regional business plan pitch-deck competition, with one going on to place in the state finals. Representing CSM, these motivated, talented entrepreneurs won cash prizes and consulting packages, and took another step towards seeing their dreams become reality. Their success is my inspiration.

What is your professional goal?

I hope to expand certificate programs in the business department, further refine degree offerings, and multiply internship opportunities for our students. I am also a consultation council member of the Bay Area Community College Consortium, and represent the college's faculty in governance and allocation decisions for California's \$200 million career technical education initiative, with which our latest departmental certificate of achievement is aligned. I strive to help CSM's Business & Technology division, other CSM divisions, and our district effectively implement this important state program. On a personal note, I plan to write another novel over the next few years, and continue other creative and technical writing projects.

New BOGFW Eligibility Regulations Effective Fall 2016

California Community College students receiving the BOGFW must meet minimum academic and progress standards to remain eligible for the BOGFW due to changes made by SB 1456 Student Success Act of 2012 to Title 5 of the California Education Code.

Students must:

- Maintain a cumulative GPA of 2.0 (Academic Standard)
- Successfully complete at least 50% of all units attempted (Progress Standard)

If a student is placed on academic and/or progress probation for two consecutive primary terms (fall or spring semester), they will lose eligibility for the BOG Fee Waiver as well as enrollment priority. For more information on this regulation and the conditions by which students can appeal, please see smccd.edu/faprobatation. Students are encouraged to utilize the numerous support services on campus to help them regain good academic standing.

CSM PUENTE PROJECT ~ Transfer...¡Si Se Puede!

Join the CSM Puente Project Familia!

If you will enroll in ENGL 838, are motivated to transfer to a university, and are interested in Latino literature, cultural identity and experiences of Latinos in the U.S., then the Puente Project is for you!

Puente Project is a year-long, UC-sponsored, transfer program that spans Fall 2017 and Spring 2018 and includes linked English/counseling classes, mentoring as well as out-of-class field trips and activities.

Interested students must complete the Puente Online Application available at collegeofsanmateo.edu/puente and attend a mandatory Puente Project New Student Orientation. Fall 2016 Puente New Student Orientations will be held in the Puente Village, Building 18, Room 110. Please see CSM Puente website for Fall 2017 Puente Orientation dates and times.

Enrollment Management

- A Student Responsibility -

As a student at College of San Mateo, it is your responsibility to manage your enrollment. This includes updating your personal information record via WebSMART, checking your student email, registering for classes in a timely manner, adhering to all deadlines listed on the Important Dates page in the beginning of this schedule (in particular late registration, withdrawal from classes, payment of fees), and monitoring your academic standing.

INTERDISCIPLINARY STUDIES

Interdisciplinary Studies courses are part of the Honors Project Learning Community. See Learning Communities for more information.

Students accepted into this unique interdisciplinary community will join a dedicated group of faculty and students working together to create a rich, intellectual experience at CSM. Students will earn honors credit in selected transfer courses by developing and successfully completing advanced research projects. Students are required to concurrently enroll in an Honors Project research seminar. Students must be accepted into the Honors Project before registering for seminars. For more information, contact David Laderman (laderman@smccd.edu).

Fees

Fees are due and payable at the time of registration. **Students will not be able to register for classes if they have any outstanding balance.** On **Thursday, January 5, 2017** students who have any outstanding fee balances for Spring 2017 will be dropped at midnight for non-payment of fees. Beginning **Friday, January 6**, students will be dropped at midnight the day following their registration for non-payment of outstanding fees. For more important information, visit collegeofsanmateo.edu/fees.

Student enrollment fees are set by California’s legislature and governor and are subject to change at any time. It is possible that your fees may be adjusted at a future date. All student records are automatically held until all outstanding debts to the District colleges have been cleared. Unpaid bills may be sent to collections.

Students who are classified as California residents as defined in the California Education Code will be charged an enrollment fee, a health services fee and a student representation fee. An optional student body fee will also be assessed. In accordance with California law, the enrollment fees may be waived for California residents who demonstrate financial need and qualify for a Board of Governors Enrollment Fee Waiver (BOGW). Contact the College Financial Aid Office for additional information.

Students who are classified as nonresidents will be charged a tuition fee in addition to the enrollment fee, health services fee and student representation fee. International Students (F-1 Visa) are subject to a health insurance requirement and are charged tuition and capital outlay fees in addition to enrollment fees. Contact the International Student Center for details.

The student representation fee was established by student election to support student advocacy before local, state and federal offices and agencies.

In addition, students will be required to purchase textbooks and miscellaneous supplies, as well as tools and technical supplies for certain programs. In some courses students will also be required to pay a non-refundable instructional materials charge.

Fees are subject to change at any time by action of the State Legislature, Board of Governors of the California Community Colleges, or the District Board of Trustees.

- If you need assistance in paying your fees, you are encouraged to:
- Enroll in an inexpensive payment plan via WebSMART
 - Apply for financial aid (www.fafsa.gov) at least five business days prior to registering for your classes
 - Complete the Board of Governors Fee Waiver via WebSMART

If you still need financial assistance after exhausting all options listed above, please contact the Vice President of Student Services at csmpvps@smccd.edu.

AB 540 Students

Under Assembly Bill 540 (AB540), you may be exempt from paying nonresident tuition. Students who have attended a California high school for three years and received a California high school diploma or its equivalent, such as a GED or passed the high school proficiency exam, are exempt from paying nonresident tuition. See page 4 for more information.

Credit and Refund Policy

Enrollment Fee, Nonresident Tuition Fee, Health Services Fee and Parking Fee

Students who officially withdraw from all courses, or reduce their program prior to the first class meeting or by the course deadline date will receive credit toward future fees for the full amount of all fees paid for those classes. To view deadline date, check course in WebSMART. A \$10 processing fee (plus an additional \$50 processing fee for nonresident tuition) will be retained by the College if a refund is issued to a student withdrawing from all classes. For all courses dropped after the deadline, these fees are not refundable unless an action of the College (e.g. class cancellation) prevents a student from attending class. Parking permit fees are not refundable.

Student Body Fee and Student Representation Fee

Students enrolling during the normal registration period in semester-long classes may request a waiver or a refund of the Student Body Fee and/or the Student Representation Fee through the last day to drop semester-long classes (see Important Dates on page 2). Students enrolling after the end of this deadline may request a waiver or a refund of these fees within one (1) week of completing registration. Students enrolled only in short courses have until the first class session to request a waiver or refund of these fees. Students requesting a waiver or a refund of the Student Body Fee and/or the Student Representation Fee must do so in-person at the Center for Student Life and Leadership Development in Building 17, Room 112.

Variable Unit Courses

No enrollment fee or nonresident tuition refund or credit will be available to students enrolled in variable unit courses who earn fewer units of credit than the number for which they originally registered. Students earning additional units will be charged accordingly.

Important:

1. Credit balances remain on student accounts for a maximum of five (5) years.
2. A student may either choose to maintain a credit balance on account or contact the Cashier’s Office (Building 10, Room 360, 574-6412) to arrange for a refund.
3. Refunds are NOT issued automatically and are subject to a \$10 processing fee if the student withdraws from all classes. Refunds of nonresident tuition are subject to an additional \$50 processing fee.
4. Fees paid by personal check require 30 days for bank clearance before refunds can be processed.
5. To be eligible for a credit or refund, a student must officially withdraw from a course within the stated deadline. To view deadline date, check course in WebSMART. A withdrawal initiated by an instructor may NOT result in a credit or refund.
6. Fees will be credited or refunded without a processing charge if an action of the College (e.g. class cancellation) prevents a student from attending.
7. Student records, including transcripts, are withheld until all debts to the District colleges have been cleared.

* Students who depend exclusively upon prayer for healing in accordance with the teachings of a bona fide religious sect, denomination, or organization may be exempted from paying the Health Services fee. For details, contact the Health Center, Building 1, Room 147, (650) 574-6396.

** A student has the right to refuse to pay the \$1 Student Representation fee for religious, political, moral or financial reasons. This refusal must be submitted in writing to the Center for Student Life and Leadership Development, Building 17, Room 112, before last day to drop with eligibility for credit and refund deadline. See Important Dates on page 2.

*** This fee is optional. Please refer to “Required Of” column for further information.

† Acceptable forms of payment are cash, check, credit card and debit card. Cash is accepted in-person only. Make check payable to College of San Mateo.

Student Success (continued from page 1)

tools to deal with it, Andy thrived and became a top student. Andy says, “I learned that I didn’t have to be the smartest one in the classroom, but with hard work I could be the most successful.”

Andy enjoyed his classes in the Technology department, and the tutelage of Professor Roy Brixen in particular. Andy’s work there stirred his life-long passion for the technology and craft of electronics. He also experienced a healthy number of challenges which pushed him to strive beyond just the minimum requirements. “CSM developed in me a hunger to learn more outside the curriculum and to work as part of a team where shared achievement fed personal success.”

Of CSM, Andy says “CSM is an institution that has its priorities in the right place. With passionate faculty and strong support services I was able to succeed.” Without the extra support Andy received, it would have been much more difficult to complete his courses.

After graduating, Andy landed a job with Tesla Motors Inc., the first four years in their Palo Alto and Fremont factories, and the last nine months at the new Tesla Gigafactory 1 in Reno.

During his time at CSM, Andy maintained a 4.0 GPA, graduated summa cum laude, and was a member of the Phi Theta Kappa Honor Society. Andy feels most fortunate to have started over again on a new career at mid-life.

DIAL 911 FOR EMERGENCIES WE CAN HELP

Waves of Innovation (continued from page 1)

accurately predicting the next “wave” and understanding the skill sets required of the workforce is critical as we plan CSM’s future. While it can be difficult to predict the next “thing”, we do know that we live in a special area that is driven by innovation and entrepreneurship. At CSM, we recognize that we are an important part of the infrastructure necessary to support our innovation economy. In fact, our graduates have founded companies, they work for start-ups, and they provide technical, operational, and administrative support for many local companies.

Currently, our college is working with community organizations such as the Economic Development and Growth Enterprise (the Edge) and others to identify emerging trends and employer needs. We are also conducting our own research to help us identify and develop new programs and curriculum. We must continue to develop programs that respond to our ever-changing workforce needs, and also provide students with internships and other hands-on experiences. Finally, we know that small businesses account for a large part of the employers in San Mateo County. Thus, it is incumbent on our college to better understand the needs of small business owners and provide direct services, as well as programs to help our graduates meet the needs of small business owners.

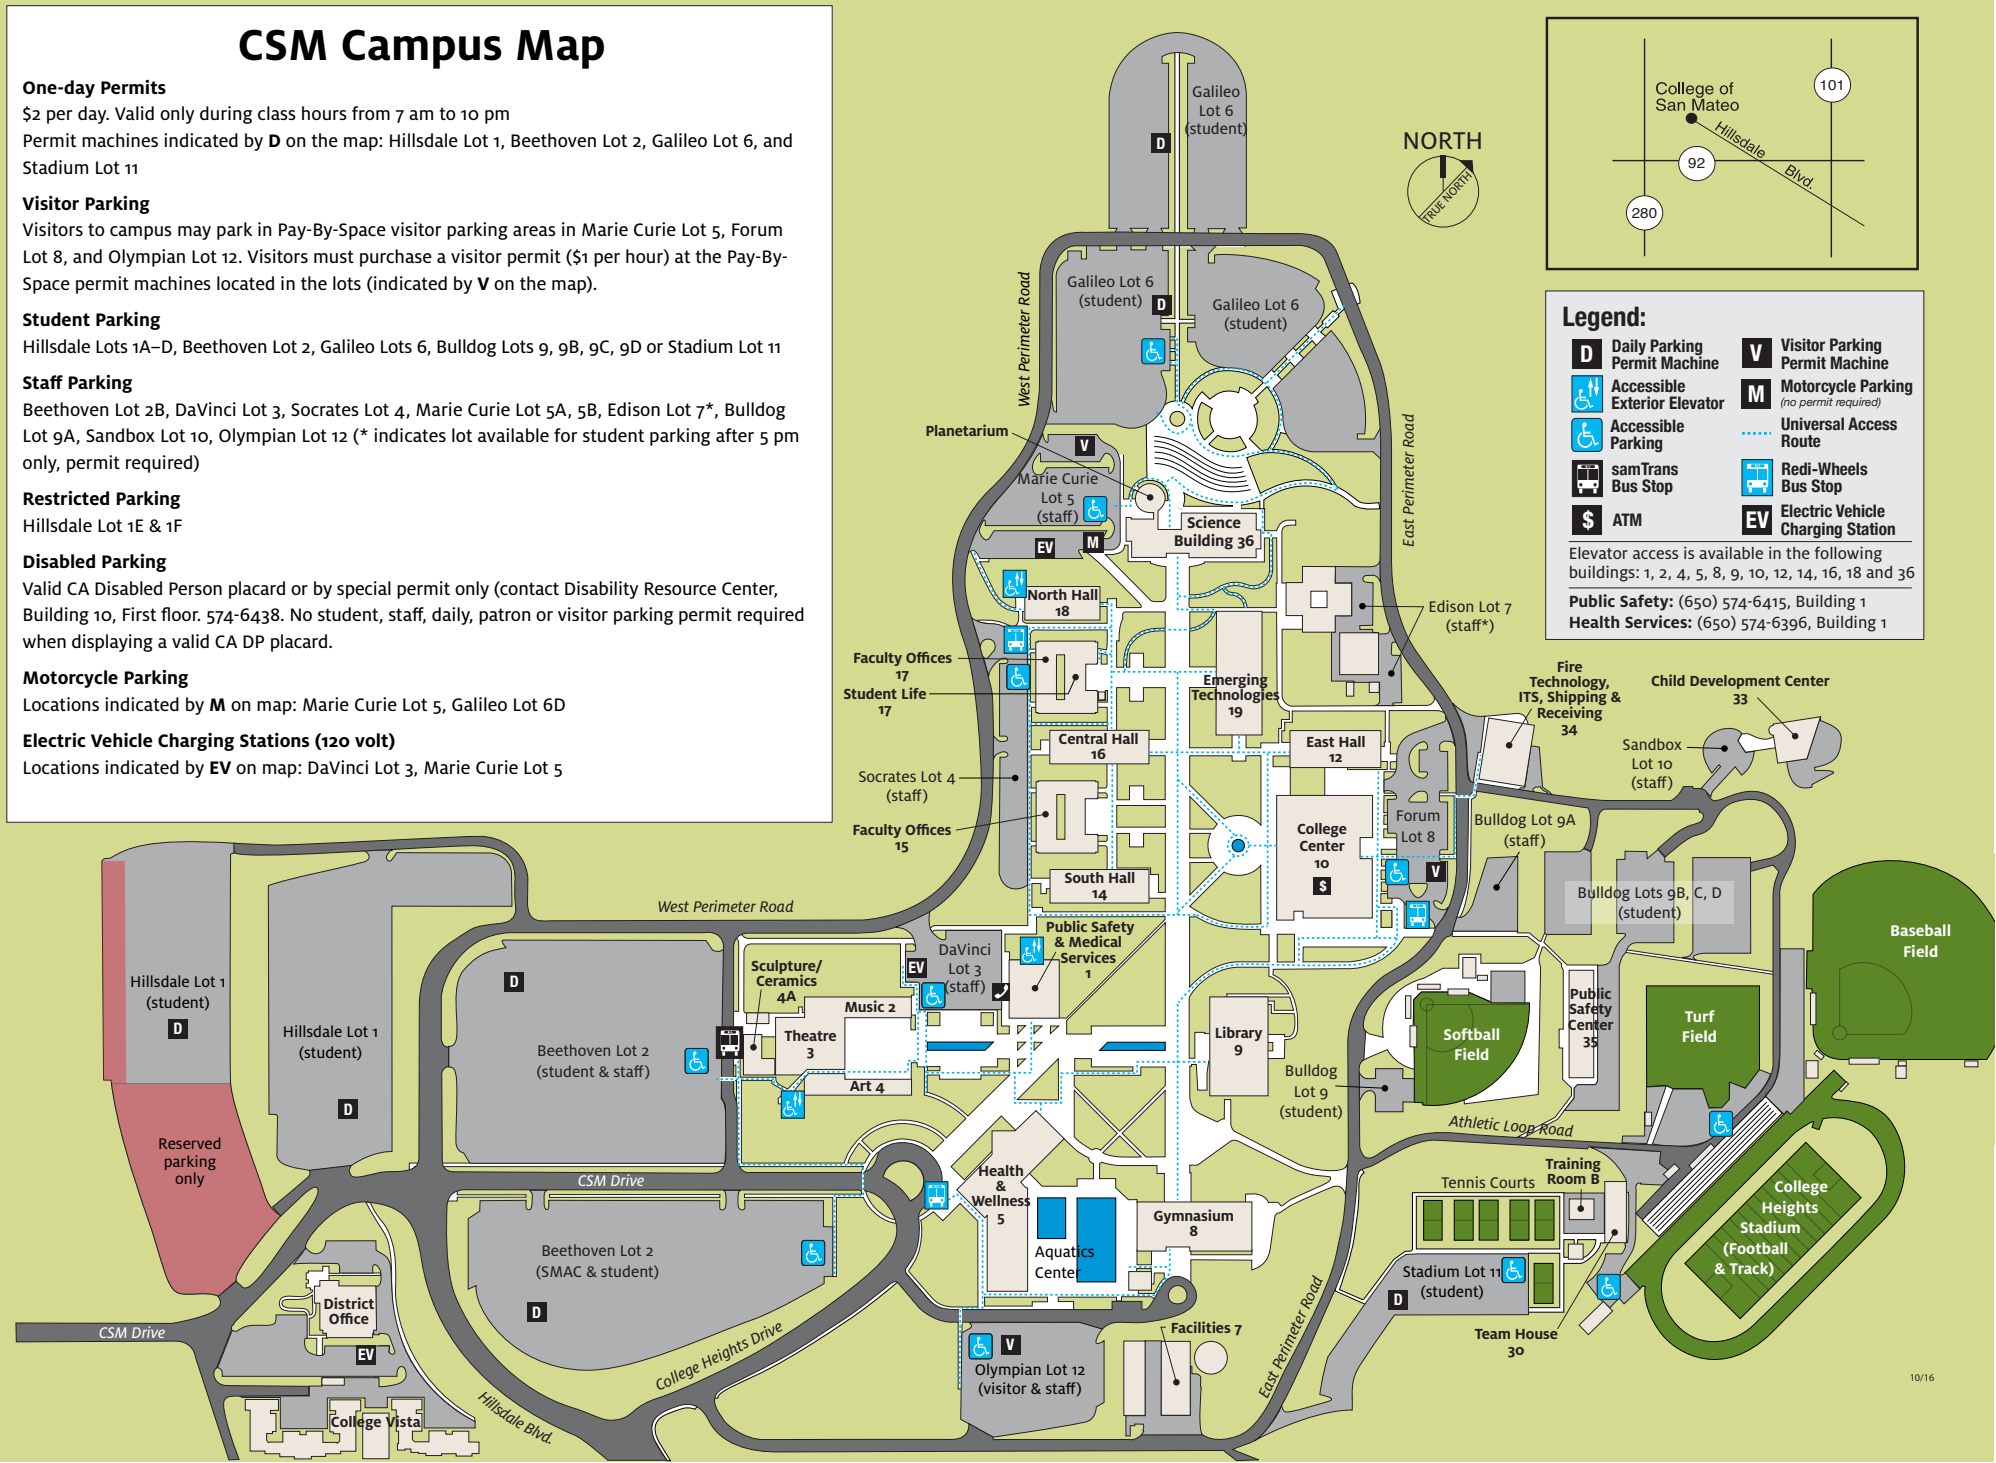

College of San Mateo gave my father his start. His A.A. degree led to an entry level position in drafting, which was followed by a series of promotions at Raychem. Ultimately my father earned an MBA from Santa Clara University and he held high-level accounting and finance positions in a variety of companies. While the economic environment has changed significantly, one of our core missions has not changed at all: to support our local employers and to provide a path for residents to participate meaningfully in the workforce.
